In addition to your CPA Study Guide Modules, you may download additional relevant class materials required each week from iLearn – login at <https://ilearn.mq.edu.au/login/MQ/>.

These class materials will be placed on iLearn prior to class time. It is your responsibility to ensure that you access and have copies of relevant material prior to classes. You should allow time for thorough reading of all materials before each class.

Learning and Teaching Activities

Each 3 hour class will consist of a combination of activities including seminar presentations by the lecturer and student presentations and discussions which will review key concepts. You are encouraged to engage in class discussion relating to questions posed, case studies and their analysis, current events/issues and practical, problem solving exercises.

A revision class will be held prior to the external CPA Program exam and will include analysis, questions and cases designed to explore the entire course.

The material to be covered each week is identified in this Unit Guide.
