Unit description

This unit examines the process of auditing and the concepts which are required in the practice. Although the focus of attention is on audits of financial reports undertaken in compliance with the Corporations Act 2001, reference is also made to other forms of audit and assurance. Students will be required to exercise judgement in order to identify and assess risks of material misstatement, to develop audit procedures that respond to those risks, and to form an opinion on the financial report based on the audit evidence obtained. The unit is both practical and theoretical, with students required to apply their knowledge to discussing cases developed from practice. Students will also be exposed to current research and contemporary issues in auditing and assurance.

## Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

## Learning Outcomes

On successful completion of this unit, you will be able to:

**ULO1:** Describe and apply the requirements for audits within the context of the current audit legislation, ethical and regulatory frameworks.

**ULO2:** Perform appropriate risk analysis and internal control assessment, and design sufficient and appropriate audit procedures specific to case-based scenarios.

**ULO3:** Evaluate audit evidence, and select and justify the appropriate audit opinion.

**ULO4:** Research and critique current developments in audit practice, and articulate a justified view.

**ULO5:** Develop capacity for effective collaboration and communication.

## Assessment Tasks

### Coronavirus (COVID-19) Update

Assessment details are no longer provided here as a result of changes due to the Coronavirus (COVID-19) pandemic.

Students should consult [iLearn](#) for revised unit information.

[Find out more about the Coronavirus \(COVID-19\) and potential impacts on staff and students](#)

## General Assessment Information

***Late assessment (for the Case Study assignment) must also be submitted through Turnitin. No extensions will be granted. There will be a deduction of 10% of the total available marks made from the total awarded mark for each 24 hour period or part thereof that the submission is late (for example, 25 hours late in submission incurs a 20% penalty). Late submissions will not be accepted after solutions have been discussed and/or made available. This penalty does not apply for cases in which an application for [Special Consideration](#) is made and approved. Note: applications for [Special Consideration Policy](#) must be made within 5 (five) business days of the due date and time.***

## Delivery and Resources

### Coronavirus (COVID-19) Update

Any references to on-campus delivery below may no longer be relevant due to COVID-19.

Please check here for updated delivery information: [https://ask.mq.edu.au/account/pub/display/unit\\_status](https://ask.mq.edu.au/account/pub/display/unit_status)

Students are required to attend three hours of face-to-face teaching per week in the form of a three hour seminar(the seminar will be recorded on Echo360 on weekly basis). It should be emphasized that attendance at the seminars is a necessary but not sufficient condition for adequate examination preparation.

Each week all students should study the relevant materials prescribed and attempt the assigned seminar questions PRIOR to attending the class, and participate in class discussions regarding the concepts and their application in practical cases. The weekly reading and questions guide for the semester will be available before the session starts. Weekly seminar slides will also be available before the session starts.

Each seminar will comprise a presentation by the seminar leader. The presentation aims to cover the key concepts of the unit material set for that week and is critical to the coverage and understanding of the unit content. The presentation will be complemented by working through the practical seminar questions and readings set for that week. When working through these questions it is expected that seminar participants will contribute to the discussion and raise particular issues or problems that they have had with the seminar questions. Remember that answers to these questions are not easily bracketed as “right” or “wrong” but are the product of a logical and well-structured analysis.

Although each seminar focuses on different aspect of the audit process, the students are expected to understand the overall audit process and integrate different aspects covered over the session.

Please note that solutions to the weekly seminar assigned questions will not be made available to students. Therefore it is imperative that students attend the weekly seminar in order to correct their work and to clarify any issues they may have in understanding the material assigned.

The timetable for classes can be found on the University web site at: <http://www.timetables.mq.edu.au/>

Changes to student timetables may only be made through eStudent. Students wishing to change their allocated seminar should log onto eStudent and enrol in a seminar where there is a vacancy. Any question of an administrative nature in relation to seminar allocations should be addressed to [accg8125@mq.edu.au](mailto:accg8125@mq.edu.au).

Student enrolments must be finalised by the end of Week 1. No further changes may be made after this date.

## **Resources**

Required and Recommended Texts

The **required texts** for the Unit are as follows:
