Unit description This unit is designed to be preceded by AFIN8063, in which the student commences the individual research project in applied finance, actuarial studies, business analytics, or a related area. Students will further advance their research project, by developing a research model, undertaking qualitative and/or quantitative analysis of data, and concluding the project. The integrated overall research project for the combined units is expected to be 12,000-15,000 words.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

- ULO1:** Outline a sound research framework on which to identify and select data.
- ULO2:** Undertake a qualitative or quantitative analysis of the data chosen, inclusive of critical reasoning and argumentation.
- ULO3:** Apply good academic research practice, including the ability to source and appropriately acknowledge sources and references.
- ULO4:** Write up a conclusion to the research project with reference to how the project and its findings contribute to enhancing existing literature within the field.
