Unit description

This unit builds upon the foundations laid by introductory units to provide students with a more thorough understanding of the strategic, infrastructural and socio-technical aspects of project management. At one level, this unit is intended as a training ground for participants who wish to extend their existing ICT project planning and management skills in the more technical aspects of disciplines such as strategic planning, capital budgeting, risk analysis and post-implementation review. At another, we examine the political and organisational context into which this discipline fits, with a view to equipping candidates with the background required to make the transition into a project-sponsorship role.

## Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

## Learning Outcomes

On successful completion of this unit, you will be able to:

**ULO1:** Analyse and Develop an effective business case for IT and business related

projects.

**ULO2:** Evaluate and explain the strategic thinking used in the development of an IT portfolio of projects.

**ULO3:** Apply Portfolio Management concepts in the context of IT strategic management

**ULO4:** Apply IT leadership focusing on integrating strategy, IT governance, realization of business value and metrics.

## Assessment Tasks

### Coronavirus (COVID-19) Update

Assessment details are no longer provided here as a result of changes due to the Coronavirus (COVID-19) pandemic.

Students should consult [iLearn](#) for revised unit information.

[Find out more about the Coronavirus \(COVID-19\) and potential impacts on staff and students](#)

## General Assessment Information

**Late Submission(s):** *“Late assessment must also be submitted through Turnitin. No extensions will be granted. There will be a deduction of 10% of the total available marks made from the total awarded mark for each 24 hour period or part thereof that the submission is late (for example, 25 hours late in submission incurs a 20% penalty). Late submissions will not be accepted after solutions have been discussed and/or made available. This penalty does not apply for cases in which an application for [Special Consideration](#) is made and approved. Note: applications for [Special Consideration Policy](#) must be made within 5 (five) business days of the due date and time.”*

## Delivery and Resources

### Coronavirus (COVID-19) Update

Any references to on-campus delivery below may no longer be relevant due to COVID-19.

Please check here for updated delivery information: [https://ask.mq.edu.au/account/pub/display/unit\\_status](https://ask.mq.edu.au/account/pub/display/unit_status)

### Classes

Each week you should attend a two-hour seminar/lecture. In addition to this we have non-compulsory practical lab booked for you to use for research for individual and group assessments. (NB. In some weeks we will run discussions on case studies where required). For details of days, times and rooms consult the timetables webpage.

Technology to be used and required

We will be using the Computing Lab to give you access to Project Management Software (Project Libre). You will also be able to download your own copy for your PC, Laptop or Mac. It wont run on an ipad. Details of the software will be available in lectures.

Students will need to be able to access ilearn and to download materials from it for class. Students are required to ensure that they either bring hard-copies of all specified materials to class or ensure that they can access and use electronic copies of documents and readings in class. For this an ipad, tablet or laptop (mac or PC) is highly recommended.

The textbook is available as an ebook and also a hard copy text. (Details are below):
