Unit description This unit provides students the opportunity for an industry-based internship for observing real-world innovation in practice or a research internship for first-hand experience of world-leading research. The internship integrates practical experience and learning for postgraduate students within a business or organization. All students will be required to engage in at least one substantial piece of self-reflective evaluation, one major analytical project report and participate in face-to-face workshops. The placement will allow students to explore relevant issues internal to the organization such as its goals, target identification, project management, to take cutting-edge ideas in scientific disciplines from conception through development to realisation. Students will be considered for enrolment into this unit after the successful completion of the other core units.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>
