Unit description

This unit explores the analytical and policy challenges posed by transnational organised crime. Few have benefited as greatly from globalisation as criminal organisations, which today present existential challenges in many regions of the world. Students will undertake an advanced analysis of a variety of transnational criminal issues, including drug trafficking, people smuggling, money laundering and the regional implications of civil wars and insurgencies. Different types of transnational criminal organisations will be explored. Students enrolled in this unit will also examine state and international responses to these complex criminal activities.

Delivery and Resources

DELIVERY AND RESOURCES

THE UNIT CONSISTS OF 13 ONE-HOUR LECTURES AS WELL AS TUTORIALS. STUDENTS ARE EXPECTED TO ATTEND THE LECTURE (online for S2 2020). PARTICIPATION IS EXPECTED OF ALL STUDENTS IN LECTURES AND TUTORIALS.

UNIT REQUIREMENTS AND EXPECTATIONS

- You should spend an average of 12 hours per week on this unit. This includes listening
 to lectures prior to seminar or tutorial, reading weekly required materials as detailed in
 iLearn, and preparing assessments.
- Internal students are expected to attend all seminar or tutorial sessions, and external students are expected to make significant contributions to on-line activities.
- In most cases students are required to attempt and submit all major assessment tasks in order to pass the unit

REQUIRED READINGS

• The citations for all the required readings for this unit are available to enrolled students through the unit iLearn site, and at Macquarie University's library site. Electronic copies of required readings may be accessed through the library or will be made available by other means.

TECHNOLOGY USED AND REQUIRED

- Computer and internet access are essential for this unit. Basic computer skills and skills in word processing are also a requirement.
- This unit has an online presence. Login is via: https://ilearn.mq.edu.au/
- Students are required to have regular access to a computer and the internet. Mobile devices alone are not sufficient.

² Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation

SUBMITTING ASSESSMENT TASKS

- All text-based assessment tasks are to be submitted, marked and returned electronically.
 This will only happen through the unit iLearn site.
- Assessment tasks must be submitted as a MS word document by the due date.
- Most assessment tasks will be subject to a 'TurnitIn' review as an automatic part of the submission process.
- The granting of extensions of up to one week are at the discretion of the unit convener or nominated delegate such as a tutor. Any requests for extensions must be before the due date for the submission of the assessment task. Extensions beyond one week are subject to the university's Disruptions Policy

LATE SUBMISSION OF ASSESSMENT TASKS

- If an assignment is submitted late, 5% of the available mark will be deducted for each day (including weekends) the paper is late.
- For example, if a paper is worth 20 marks, 1 mark will be deducted from the grade given for each day that it is late (i.e. a student given 15/20 who submitted 4 days late will lose 4 marks = 11/20).
- The same principle applies if an extension is granted and the assignment is submitted later than the amended date.

WORD LIMITS FOR ASSESSMENT TASKS

• Stated word limits include footnotes and footnoted references, but not bibliography, or title page.

Word limits can deviate by 10%
