Unit description

Reading is a key language skill for effective communication. This online unit is designed specifically to help students develop further their reading comprehension skills by focusing on short literary and non-literary Polish texts, which are a platform for learning grammar and vocabulary. Through a range of reading-related activities, students will learn to apply the skills and strategies of a successful reader to be able to tackle more complex Polish texts. This unit aims to develop students' language skills to B2+ level in the Common European Framework of Reference for Languages (CEFRL).

Instructions for submitting Turnitin assignments can be found in the online unit. Important note: To complete assignments you must have access to Polish fonts on your computer.

The Pronunciation Practice Test will involve the recording and submission of each student reading an original Polish text.

The Online Quiz will be completed electronically, within the allocated time, by following the instructions provided.

Please note that all assessment due dates and times are based on Australian Eastern Standard Time (AEST).

Specific instructions, detailed grading standards (such as rubrics) and indicative examples of assessment tasks are provided in the iLearn unit.

Electronic submission

Unless otherwise approved, all text-based assessment tasks will be submitted electronically using the University's electronic learning management system.

Use of plagiarism detection software

Text-based work submitted by students for assessment will be subject to plagiarism detection software, such as Turnitin or similar approved software, unless otherwise approved.

Plagiarism detection methods are to be used on a routine basis to check student work or when plagiarism is suspected.

No late submissions will be accepted for timed assessments – e.g. quizzes, online tests.

For students attending classes on campus we strongly encourage that you bring along your own laptop computer, ready to work with activities in your online unit. The preferred operating system is Windows 10.

Students are required to access the online unit in iLearn by the end of Week 1 and follow any relevant instructions and links for downloads that may be required. If applicable, students are required to download the relevant language package prior to Week 2.

Please contact your course convenor **before** the end of **Week 1** if you do not have a suitable laptop (or tablet) for in-class use.

Unit Schedule

Coronavirus (COVID-19) Update

The unit schedule/topics and any references to on-campus delivery below may no longer be relevant due to COVID-19. Please consult [iLearn](#) for latest details, and check here for updated delivery information: https://ask.mq.edu.au/account/pub/display/unit_status

It is important that students work regularly at home using the Course Notes and Audio Lectures in order to cope with the unit workload. Whilst it is quite possible to complete the whole unit externally, as has been demonstrated by a number of students in the past, those students who have regular face-to-face contact with the lecturer and/or other students have proved to have higher academic achievements.

Please note that there will be weekly Zoom tutorials every Wednesday at 1:00pm AEST for a maximum 90 minutes starting in Week 1 and running through to Week 13 excluding the mid-semester break. These tutorials are non-compulsory but are highly recommended.
