Unit description

This unit provides an introduction to major topics in ethics, moral theory and contemporary political philosophy. The first section focuses on the nature of happiness. Is pleasure essential to happiness? Or does the pursuit of pleasure harm our chances of lasting fulfilment? Must we be virtuous in order to be happy? What is the relationship between happiness and duty? The second section explores the nature of moral goodness. Is morality based ultimately in self-interest? What is the relationship between morality and religion? Are there moral principles that everyone is bound by reason to recognise? Or is the validity of moral standards relative to specific societies and cultures? In the third section we turn to questions of applied political philosophy, focusing on questions such as: What principles should govern the distribution of economic and social resources within a society? What are the obligations of wealthy nations to those less fortunate, including immigrants and refugees? And what issues of justice are raised by climate change? All enrolment queries should be directed to Open Universities Australia (OUA): see [www.open.edu.au](http://www.open.edu.au)

## General Assessment Information

***Note: This unit is identical to the one offered in session 2, which is 13 weeks long. This is an intensive unit, as 13 weeks is compressed to 5 weeks with no change to content or requirements.***

### Results

Results shown in iLearn, or released directly by your Unit Convenor, are not confirmed as they are subject to final approval by the University. Once approved, final results will be sent to your student email address and will be made available in [eStudent](#). For more information visit [ask.mq.edu.au](#).

### Submission of Assessments

All written assessments are to be submitted via the unit's iLearn site. There is no need for a coversheet, and we request that you omit your name from the document. A link to the Turnitin submission page will be provided on iLearn in the Assessments section. Written assessments will be run through the Turnitin software which detects unoriginal work.

The online quizzes will be available on iLearn. Each quiz can only be undertaken once and has a time limit.

### Assessing Active Participation

Active participation is assessed by a student's engagement in contributions to online discussion forums facilitated by the tutor. Participation is expected to be well considered and relevant to the unit of study.

### Extensions and Penalties

All work must be submitted on time unless an extension has been granted. Requests for extensions must be made in writing BEFORE the due date and will only be considered on serious grounds. **Submit your request to [ask.mq.edu.au](#).**

Applications must be made within 5 days of illness/misadventure. Extensions will not be given unless good reasons and appropriate evidence (e.g., medical certificates, counsellor's letters)

are presented at the earliest opportunity. Please note that work due concurrently in other subjects is NOT an exceptional circumstance and does not constitute a legitimate reason for an extension.

Unless a Special Consideration request has been submitted and approved, (a) a penalty for lateness will apply – two (2) marks out of 100 will be deducted per day for assignments submitted after the due date – and (b) no assignment will be accepted more than seven (7) days (incl. weekends) after the original submission deadline. No late submissions will be accepted for timed assessments – e.g. quizzes, online tests.

To obtain an extension, you must submit a Special Consideration application. See below for details on how to do that.

## Special Consideration Policy

The University classifies a disruption as serious and unavoidable if it:

- could not have reasonably been anticipated, avoided or guarded against by the student; and
- was beyond the student's control; and
- caused substantial disruption to the student's capacity for effective study and/or completion of required work; and
- occurred during an event critical study period and was at least three (3) consecutive days duration, and / or
- prevented completion of a final examination.

Students with a pre-existing disability/health condition or prolonged adverse circumstances may be eligible for ongoing assistance and support. Such support is governed by other policies and may be sought and coordinated through [Campus Wellbeing and Support Services](#).
