Unit description

This unit introduces a set of strategic management concepts and ideas to examine the key business policy decisions in managing an international business including: sources of competitive advantage in international competition; foreign market expansion strategies; international strategic alliances; global competitive dynamics; product and geographic diversification strategies; multinational organisational structures; and international corporate governance systems. By the end of the unit students should have an advanced understanding of the principles of developing a strategy for an international business as well the key factors that the firm must consider in respect of its external environment. Students are expected to critically apply the theoretical principles and concepts developed in this unit to solve real-world business problems through the use of the latest case studies, class debates/discussions, and presentations throughout the semester.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Develop an advanced understanding of the key theoretical principles and concepts in strategic management and their implications for international business

ULO2: Evaluate and synthesise a variety of theoretical concepts and principles and

critically apply them to solve key strategic problems and issues in global business

ULO3: Produce and deliver a persuasive and critical analysis in reflective writing and oral presentation for cases/issues related to global business strategy, both individually and in a team
