Unit description

This unit examines the key issues currently facing all service and manufacturing organisations creating products across global markets. The primary aim of the unit is to illustrate the impact globalisation has on the value transformation process both within the organisation and across its value chain. The unit analyses in detail the link between globalisation and an organisation's competitive strategy, the management of its operations, the design of its products and processes, and the management of its supply chains, inventory and logistics.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Identify, describe and analyse the concept of globalisation.

ULO2: Evaluate the value creation process in the context of sustainability considerations for the firm

ULO3: Design and critique solutions to a real-world case.

Assessment Tasks

Coronavirus (COVID-19) Update
