Unit description

This unit offers an introduction to professional practice. Students will have opportunities to develop fundamental workplace skills, including communication, teamwork, decision-making, networking and reflective practice. Students will self-assess their personal attributes, values and skills, engage in career planning and goal setting, as well as exploring industries, organisations and/or occupations. The unit is designed to help students begin to develop an understanding of their professional identity and the changing nature of work. The unit will provide a foundation for students to complete a successful practical experience in a workplace as part of their studies. While students admitted to a Co-op course have enrolment priority for this unit, a limited number of spaces are open to students enrolled in other degrees.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Self-assess personal attributes, values and professional preparedness skills

ULO2: Investigate occupations, organisations and/or industries through primary and secondary research

ULO3: Propose preliminary career plan based on new/enhanced understanding of career options

ULO4: Practice reflection skills to learn from experience and integrate new knowledge

ULO5: Explore roles, communication and time management in team-based activities

General Assessment Information

The tasks listed here are summaries. In order to complete the assessment tasks, you will need to review the full instructions on iLearn. You are expected to attend every seminar unless you have a serious and unavoidable disruption to studies. If you have any questions, please discuss with the Unit Convenor.

No extensions will be granted. There will be a deduction of 10% of the total available marks made from the total awarded marks for each 24-hour period or part thereof that the submission is late (for example, 25 hours late in submission - 20% penalty). This penalty does not apply for cases in which an application for special consideration is made and approved.

This unit is a Professional Practice/Co-op unit with Fitness to Practice requirements. For more information about the performance expectations, see the policies and procedures section below.

Assessment Tasks

Name	Weighting	Hurdle	Due
Skill assessment and reflection	25%	No	Week 5

This is a hurdle assessment task (see [assessment policy](#) for more information on hurdle assessment tasks)

Participation and engagement in seminars is critical to support learning in this unit, and as such, is compulsory. This is designed to support development of professional practice skills consistent with the fitness-to-practice standards of the Bachelor of Professional Practice.

On successful completion you will be able to:

- Self-assess personal attributes, values and professional preparedness skills
- Practice reflection skills to learn from experience and integrate new knowledge

¹ If you need help with your assignment, please contact:

- the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
- the [Writing Centre](#) for academic skills support.

² Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation

Delivery and Resources

This unit is offered in a flipped classroom environment. This means students are expected to review and engage with materials on iLearn each week in advance of the seminar. This enables seminar time to focus on discussion, activities, reflection and workshops. Preparation materials including readings and videos are located in the relevant week on iLearn.

Fitness to Practice Requirements

This unit is a Professional Practice/Co-op unit with Fitness to Practice requirements. Therefore, student enrolment is governed by both the Academic Progression policy and General Coursework Rules 9 and 10. The General Coursework Rules may supersede the Academic Progression Policy. Students undertaking this unit are required to demonstrate they are fit to practice and compliant with any mandated or accreditation requirements specified in the Handbook.

Fitness to Practice is the demonstration of the required professional knowledge and behaviours for students to practice safely and properly throughout any placements and to meet the core learning outcomes.

Students enrolled in this unit must conduct themselves in a manner consistent with the Macquarie University Code of Conduct, the academic integrity policy, and guidelines and policies specified by the course. Students must demonstrate that they have the skills, knowledge and attributes expected of student practitioners appropriate to their stage of learning and practice.

If a unit convenor assesses a student's professional conduct as unsatisfactory at any time during the unit, the student will be required to attend a performance review meeting. The student may be given an opportunity to improve their performance. If a Professional Practice student is unable to improve their performance to an acceptable standard, they will fail the unit. If a student enrolled in a Co-op degree is unable to improve their performance to an acceptable standard, they will be excluded from the Co-op degree and unable to re-apply. If the student meets the academic progression requirements of the Academic Progression Policy, the student may be able to continue with another degree program.

Fitness to Practice for Professional Practice/Co-op is demonstrated across 3 domains:

- **Behaviour:** Students are required to conduct themselves in a professional manner at all times in the classroom and reflect the behaviours, ethics and attitudes outlined in the [academic integrity policy](#) and the [student code of conduct](#).
- **Cognition:** Students must demonstrate an appropriate level of knowledge and understanding both in their discipline and in professional practice consistent with the Bachelor of Professional Practice (or other course if relevant) fitness to practice standards
- **Communication:** Students must demonstrate communication skills consistent with

professional standards interpreted for the student context
