Unit description
This unit comprises an external practical placement of approximately 250 hours workload. The type of external placement experience is determined largely by APAC, who require specific experiences over the three external placement units. However, the placement in this final unit will also be guided by career aspirations. Placements vary in the exact experiences available to students, but can include assessing clients; applying various therapeutic interventions; and developing the professional skills of a clinical psychologist. In this unit students are still supervised but they will be reasonably independent, requiring minimal direction. Students are required to complete at least a thousand hours across all placements in the program to meet accreditation requirements.

Important Academic Dates
Information about important academic dates including deadlines for withdrawing from units are available at https://students.mq.edu.au/important-dates

Learning Outcomes
On successful completion of this unit, you will be able to:

ULO1: Apply depth and breadth of well-developed knowledge and scholarly understanding required of clinical psychologists in determining client needs and designing and implementing evidence-based interventions.
ULO2: Demonstrate higher level critical thinking skills in their ability both to generate and evaluate new, professionally-oriented knowledge.

ULO3: Communicate effectively across a wide range of client groups, colleagues and other professionals, using a variety of formats to function empathically within and across cultures and life stages.

ULO4: Apply knowledge of the legislative frameworks relevant to clinical psychologists and undertake practice according to professional standards and the Psychology Board of Australia's code of ethics

ULO5: Demonstrate the entry level capabilities required of practising clinical psychologists, along with the professional and personal skills for assessing continuous development needs.
