Unit description

This unit focusses on non-traditional security threats and challenges. It introduces students to the concepts of securitization and human security. It then assesses a range of non-traditional security threats, addressing the risks and dangers associated with them, as well as discussing ways to manage them. Students will examine areas such as global terrorism, insurgencies, transnational organized crime, the international arms trade, environmental security, population and refugees, poverty and development, global health, energy security and the challenges for Australia.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Analyse non-traditional security issues that the world is facing based on a clear understanding of the breadth and depth of such issues.

ULO2: Demonstrate critical and empirical awareness of the complexity and diversity of security threats and risks of a non-traditional nature that the world faces.

ULO3: Evaluate the scholarship on key non-traditional security issues.

ULO4: Apply the skills in information literacy to appropriately locate, evaluate and use relevant information on non-traditional security issues.

Assessment Tasks

Coronavirus (COVID-19) Update

Assessment details are no longer provided here as a result of changes due to the Coronavirus (COVID-19) pandemic.

Students should consult [iLearn](#) for revised unit information.

[Find out more about the Coronavirus \(COVID-19\) and potential impacts on staff and students](#)

General Assessment Information

Special Consideration (previously known as “Disruption to Study”)

Please note that students who miss tutorials or require extensions for any assignment must apply through the formal university process known as “Special Consideration.” Convenors are not allowed to grant tutorial waivers or assignment waivers; students must apply formally through Special Consideration with the appropriate documentation.

Engagement: Ongoing assessment

For internal students, attendance and engagement in the weekly seminar is expected. A minimum attendance in 10 seminars is required. Engagement involves demonstrating, through oral activities and assignments, critical thinking and understanding of the required readings, as well as demonstrated ability to address the major themes and questions raised in unit materials.

For external students, the recordings of the seminars will be posted and engagement through at minimum 10 online forums is required. Engagement in seminar activities must be completed by the assigned date. Participation will not be counted beyond the allocated time-frame. Grades are dependent on such criteria as stated in the engagement rubric.

As part of engagement, students are required to take the Online Test in Week 4, which opens online on Monday 16 March and closes on Sunday 22 March. Once you begin the simple multiple-choice test, you have 15 minutes to complete. Completion of the test counts towards your engagement.

Submission of Assignments

All assignments must be submitted electronically by the due date via the appropriate assignment link in iLearn. Note that no assignment can be marked if submitted more than 7 calendar days after the deadline unless Special Consideration has been granted.

Late Submission Penalty

Unless a Special Consideration request has been submitted and approved, (a) a penalty for lateness will apply – two (2) marks out of 100 will be deducted per day for assignments

submitted after the due date – and (b) no assignment will be accepted more than seven (7) days (incl. weekends) after the original submission deadline. No late submissions will be accepted for timed assessments – e.g. quizzes, online tests.

Delivery and Resources

Coronavirus (COVID-19) Update

Any references to on-campus delivery below may no longer be relevant due to COVID-19.

Please check here for updated delivery information: https://ask.mq.edu.au/account/pub/display/unit_status

UNIT REQUIREMENTS AND EXPECTATIONS

- You are required to either attend or listen to the weekly lectures, read the weekly materials as detailed in iLearn, participate in in-class or online discussions (depending on whether you are an internal or external student), and prepare and submit assessments.
- Internal students are expected to attend all tutorial sessions, and external students are expected to make significant contributions to the weekly online discussions.
- In most cases students are required to attempt and submit all major assessment tasks in order to pass the unit.

REQUIRED READINGS

- The citations for all the required readings for this unit are available to enrolled students through the unit iLearn site, and at Macquarie University's library site. Electronic copies of required readings may be accessed through the library or will be made available by other means.

TECHNOLOGY USED AND REQUIRED

- Computer and internet access are essential for this unit. Basic computer skills and skills in word processing are also a requirement.
- This unit has an online presence. Login is via: <https://ilearn.mq.edu.au/>
- Students are required to have regular access to a computer and the internet. Mobile devices alone are not sufficient.
- Information about IT used at Macquarie University is available at <http://students.mq.edu>
