Unit description

Connect with Polish language and culture through encounters with authentic written and spoken discourses. This online unit is designed to equip students with advanced level language skills to read and write about Polish short literary texts and newspaper articles. A small collection of short stories on different topics are used to enhance students' competence in Polish, and to further develop skills in critical reading and textual analysis. The unit explores the relationship between authors and their texts, by examining the way linguistic and literary features participate in communicating ideas and constructing meaning. The texts' themes include: patriotism, personal integrity, sense of duty, friendship, family relationships and sacrifice. Students will be equipped to flexibly navigate their way through the lexical and grammatical texture of the Polish language, broadly in alignment with B2+/C1 level in the Common European Framework of Reference for Languages (CEFRL).

Is my unit in iLearn?: <http://help.ilearn.mq.edu.au/unitsonline/> to check when your online unit will become available.

Technology

Students are required to have regular access to a computer and the internet. Mobile devices alone are not sufficient.

For students attending classes on campus we strongly encourage that you bring along your own laptop computer, ready to work with activities in your online unit. The preferred operating system is Windows 10.

Students are required to access the online unit in iLearn by the end of Week 1 and follow any relevant instructions and links for downloads that may be required. If applicable, students are required to download the relevant language package prior to Week 2.

Please contact your course convenor **before** the end of **Week 1** if you do not have a suitable laptop (or tablet) for in-class use.

- For student quick guides on the use of iLearn go to: <https://students.mq.edu.au/support/study/tools-and-resources/ilearn/ilearn-quick-guides-for-students>

Unit Schedule

It is important that students work regularly at home using the Course Notes and Audio Lectures in order to cope with the unit workload. There are no on-campus sessions. Whilst it is quite possible to complete the whole unit externally without any interaction with the tutor, as has been demonstrated by a number of students in the past, those students who have regular face-to-face contact with the tutor and/or other students have proved to have higher academic achievements.
