Unit description

This unit covers selected topics in hot research areas of statistics. The topics will be delivered by reading research papers, discussions and presentations. Students are also required to attend department research seminars. Each topic will be taught in two weeks and then assessed by the lecturer delivering the topic.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: demonstrate a broad view on some cutting edge research activities in statistics

ULO2: synthesise information from a variety of sources as supporting evidence and discuss them

ULO3: communicate credible information in oral, written, graphic or visual forms.

ULO4: summarise key messages from research seminars

Assessment Tasks
