Unit description

The focus of this unit is on knowledge about and development of research skills and evidence-based speech pathology practice. The unit will cover reviewing and critiquing research, developing a research question, identifying appropriate designs to address research aims and questions, data collection and analysis, and preparing research for dissemination in professional contexts.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Critically evaluate the evidence base for clinical assessments and interventions and integrate the best evidence with the needs of individuals with communication and swallowing disabilities.

ULO2: Formulate clinical and research questions that integrate knowledge of linguistics, psychology, neurology and physiology with specialised knowledge of communication and swallowing disabilities.

ULO3: Integrate understanding of the University's ethical research standards with critical analysis of the risks and benefits of involving participants who have communication and swallowing disabilities.

ULO4: Analyse, evaluate and apply research methodologies to problems in speech

pathology, taking account of client complexities that include physical, mental, and sociocultural characteristics.

ULO5: Critically engage with peers while developing and disseminating new information about contemporary speech pathology research.

Assessment Tasks

Coronavirus (COVID-19) Update

Assessment details are no longer provided here as a result of changes due to the Coronavirus (COVID-19) pandemic.

Students should consult [iLearn](#) for revised unit information.

General Assessment Information

Word limits

Assessment submissions with excessive word counts will receive a penalty commensurate with the amount the submission has exceeded the word limit stated in the assessment description. Excessive word counts will result in the following penalties:

- From 11 to 20% over the word limit = reduction by one grading band.
- More than 20% over the word limit = reduction by **at least** two grading bands, with further penalties applied at the discretion of the unit convenor.

For example: Word limit = 2000 words; Submission word count = 2240, i.e., 12% over the limit, and therefore a penalty is applied as follows:

- Initial grade = D
- Penalty = reduction of one grading band
- Final grade = C

Penalty for late submission

Late submission of assessments will result in the following penalties:

- 1 day late = reduction by **no more than** one grading band, at the discretion of the unit convenor
- 2 days late = reduction by **no more than** two grading bands, at the discretion of the unit convenor
- 3 or more days late = reduction by **at least** two grading bands, with further reductions at the discretion of the unit convenor

For example: A submission is two days late, and therefore a penalty is applied as follows:

- Initial grade = HD
- Maximum penalty = reduction of two grading bands
- Final grade = C

Delivery and Resources

Coronavirus (COVID-19) Update

Any references to on-campus delivery below may no longer be relevant due to COVID-19.

Please check here for updated delivery information: https://ask.mq.edu.au/account/pub/display/unit_status

This unit will be taught in a blended learning format. Students will be expected to engage with learning materials before attending and participating in classes and then completing learning activities following class. Topics covered, and learning formats used during classes in Weeks 7 to 12 will be arranged by the Lecturer in direct response to students' requests. Therefore, students will be expected to provide and exchange information about their learning needs via e.g., iLearn discussion board.
