Unit description
Major issues facing Australia and the world today - including poverty, food security, climate change, inequality, the platform economy, digital surveillance, cyber crime, automation, refugee resettlement, global health and more - invariably have a social dimension. How can we respond to these complex and important issues without understanding them? This unit searches for insights into contemporary issues by surveying the social sciences. This unit has three parts. The first part introduces social science as a field of inquiry, tracing pivotal historical developments and asking what it means to think socially. The second part explores a series of contemporary issues using the lenses of different social science disciplines and interdisciplinary approaches, highlighting the distinct contributions that these perspectives offer our understanding of recent transformations. And, by reflecting on our explorations of contemporary issues, the third part concludes the unit by drawing out the close relationship between theory, methods and analysis for social science practice today. From the three parts of this unit, you will gain an insight into social scientific inquiry and contemporary issues facing our society.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at https://www.mq.edu.au/study/calendar-of-dates

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: demonstrate foundational knowledge of the relationship between theory and methodology in social scientific inquiry

ULO2: evaluate the contributions that disciplinary and interdisciplinary social science approaches make to practical knowledge of the world around us

ULO4: communicate understanding of social science theories and methods by effectively using academic and professional writing formats.

ULO3: discuss the insights that social science theories and methodologies provide to understanding a major social issue

ULO5: design and plan a program of learning to be undertaken over the duration of your bachelor degree

Assessment Tasks

Coronavirus (COVID-19) Update

Assessment details are no longer provided here as a result of changes due to the Coronavirus (COVID-19) pandemic.

Students should consult iLearn for revised unit information.

General Assessment Information

Academic Integrity

Academic Integrity is an intergral part of the core values and principles contained in the Macquarie University Ethics Statement. Its fundamental principle is that all staff and students act with integrity in the creation, development, application and use of ideas and information. This means that:

- All academic work claimed as original is the work of the author making the claim

- All academic collaborations are acknowledged

- Academic work is not falsified in any way

- When the ideas of others are used, these ideas are acknowledged appropriately

- Self-plagiarism (resubmitting your own work - including past assignments for this or other units - without attribution) is an unacceptable academic activity

University Grading Policy

The grade that a student receives will signify their overall performance in meeting the learning outcomes of the unit of study. Graded units will use the following grades

HD	High Distinction	85-100
D	Distinction	75-84
Cr	Credit	65-74
P	Pass	50-64
F	Fail	0-49

Results published on platform other than eStudent, (eg. iLearn, Coursera etc.) or released directly by your Unit Convenor, are not confirmed as they are subject to final approval by the University.

Return of Marked Work

As per university policy, written assessments will be returned to students within three weeks of the submission date. Early assignments will not be marked early.

Special Consideration (Extensions)

The University recognises that students may experience events or conditions that adversely affect their academic performance. If you experience serious and unavoidable difficulties at exam time or when assessment tasks are due, you can consider applying for Special Consideration.

You need to show that the circumstances:

1. were serious, unexpected and unavoidable
2. were beyond your control
3. caused substantial disruption to your academic work
4. substantially interfered with your otherwise satisfactory fulfilment of the unit requirements
5. lasted at least three consecutive days or a total of 5 days within the teaching period and prevented completion of an assessment task scheduled for a specific date.

More information about Special Consideration is available in the Policies and Procedures section of the unit guide.

Late Penalties

Unless a Special Consideration request has been submitted and approved, (a)

a penalty for lateness will apply – two (2) marks out of 100 will be deducted per day for assignments submitted after the due date – and (b) no assignment will be accepted more than seven (7) days (incl. weekends) after the original submission deadline. No late submissions will be accepted for timed assessments – e.g. quizzes, online tests.

Campus Wellbeing

Macquarie University offers a range of wellbeing services (including [but not limited to]: health, welfare, counselling, disability and student advocacy services) that are available to you at any time during your studies. Campus Wellbeing is here to support you and help you succeed, both academically and personally. More information is available in the Policies and Procedures section of the unit guide.

Delivery and Resources

Coronavirus (COVID-19) Update

Any references to on-campus delivery below may no longer be relevant due to COVID-19.

Please check here for updated delivery information: https://ask.mq.edu.au/account/pub/display/unit_status

Unit Sessions

Lectures are at 11am to 1pm on Fridays in T5 Theatre, 14 Sir Christopher Ondaatje from weeks 1 to 12 of semester (excluding the Good Friday public holiday). The lectures will be recorded and become available online via ECHO360's Active Learning Platform (accessible via iLearn).

Online tutorials will run between weeks 1 and 12 of semester (inclusive), with the exception of week 7 (due to the public holiday).

Required and recommended resources

The required textbook for SSCI1000 is *The Quick Fix Guide to Academic Writing: How to Avoid Big Mistakes and Small Errors* by Phillip C. Shon.

Other required readings are online available via Leganto (see below).

Technology used

The following technologies are used in this unit...

Email

Make sure that you regularly check your student email for correspondence with teaching staff and course announcements.

iLearn

Important information about the weekly schedule, course readings and assessment are all

available on the course *iLearn* page. If you do not have access, please contact IT help. You are required to check iLearn and your student email regularly for course updates and information.

Turnitin

All written assessments need to be submitted online via Turnitin only. A link to Turnitin is available via the Assessments tab on the iLearn page. Please contact the convenor if you cannot find it (do not leave it until the day of the assessment). There is no need to submit a hard copy of the assessment or to include a cover sheet.

Grademark

Feedback will be made available online via GradeMark. It will take four forms (in no particular order): specific comments in the text of your paper; overall comments; a score on a qualitative rubric (that cannot be used to calculate your mark numerically); and a numeric score. Once you have received your assignment back, please make sure that you have access to these forms of feedback.

Leganto

Leganto is the electronic system for accessing unit readings that can be accessed via the iLearn page. Readings are allocated via topic. As well as the required readings for each topic, you will find recommended and optional readings. The required readings are available in pdf or electronic format. If you are not able to access the readings, please contact the unit convenor via email.
