Disclaimer

Macquarie University has taken all reasonable measures to ensure the information in this publication is accurate and up-to-date. However, the information may change or become out-dated as a result of change in University policies, procedures or rules. The University reserves the right to make changes to any information in this publication without notice. Users of this publication are advised to check the website version of this publication [or the relevant faculty or department] before acting on any information in this publication.

Notice

As part of [Phase 3 of our return to campus plan](#), most units will now run tutorials, seminars and other small group learning activities on campus for the second half-year, while keeping an online version available for those students unable to return or those who choose to continue their studies online.

To check the availability of face-to-face and online activities for your unit, please go to [timetable viewer](#). To check detailed information on unit assessments visit your unit's iLearn space or consult your unit convenor.

Credit points

10

Prerequisites

(SPED821 or SPED8210) and (SPED824 or SPED8240) and (SPED825 or SPED8250) and (SPED826 or SPED8260)

Corequisites

(SPED8220 or SPED822) and (SPED8230 or SPED823) and (SPED8270 or SPED827)

Co-badged status

Unit description

Students will implement and document an evidence-based instructional cycle including initial assessment, program design and justification, program delivery, monitoring and evaluation in their work place or other approved site. Students will reflect deeply at each stage of the cycle and critique and evaluate their own professional practice.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Integrate and synthesize theory, knowledge and skills from across the program and apply to professional practice as a special educator in a work-related context.

ULO2: Apply clinical judgement in the selection and application of evidence based pedagogical practices to solve complex problems in the education of students with special education needs.

ULO3: Apply appropriate professional ethical standards in the implementation and documentation of educational programs.

ULO4: Effectively communicate complex ideas regarding program planning and implementation to relevant stakeholders.

ULO5: Critically evaluate and reflect on the process and outcomes of educational programs.

General Assessment Information

Overview of assessment requirements

This is a unit of study where each student develops an individual case study project. As a capstone unit, SPED8280 is designed to be an independent study unit with limited supervision. Please note that there are no compulsory seminars, classes nor lectures to attend for this unit. Nonetheless, there is a lot for you to do over the semester. It is very important that you get started immediately on your case study project.

Based on the knowledge and skills gained in your program of study, you are expected to design and implement a special education intervention. The program would normally be conducted in your workplace but, for full-time students, interventions may be conducted in the on-site school, in negotiation with the principal (Dr Sally Howell). **The project will normally be completed as part of your everyday teaching practice but ensure that you have any approvals that may be required by your employer.**

It would normally be expected that your intervention will consist of approximately 20 lessons over four weeks of instruction. Variations may be appropriate and these should be discussed with your supervisor. Your intervention may be with a class, small group or individual learner.

The program may address any relevant area (e.g., reading, math, social skills, communication) but must be approved by your supervising academic. The program may be one you have developed yourself or an appropriate commercial or packaged program. **Please note that you may submit your assignments early. If you do so, notify your supervisor so they can be marked as soon as possible.**

How do I get assistance?

Students are expected to design and implement the program with limited guidance from their supervisor. Students will, however, be able to contact the unit convenor (or other appointed supervisor) for guidance on specific questions at nominated times during the semester. The supervisor consultation times for the unit convenor are provided in this unit guide. Consultation times for other supervisors will be provided when students have determined their chosen area of study and have been allocated their supervisor. Note that consultation times will vary per supervisor and that supervisors will only be available at these times.

You may also ask questions on the General Discussion forum at any time but make sure you take care with regard to confidentiality (e.g., do not provide any identifying information regarding the schools or and students).

Only responses to administrative questions will be addressed by dialog or email.

Supervisors will not address questions related to your assessment or teaching programs

via dialog or email. Such questions should be addressed at a scheduled consultation time or via the general discussion forum.

Assessment Presentation and Submission Guidelines

Please follow these guidelines when you submit each assignment:

- Allow a left and right-hand margin of at least 2cm in all assignments.
- Please type all assignments using 12-point font and 1.5 spacing.
- All assessments must be submitted through Turnitin in .doc or .pdf format
- It is the responsibility of the student to ensure that all assessments are successfully submitted through Turnitin.
- Faculty assignment cover sheets are NOT required.

Grading procedures for individual assessments

Students will be awarded grades ranging from HD to F according to guidelines set out in the University grade descriptors. Where the grades are used to report results for assessment components with significant weighting, convenors may also optionally add the suffixes of + (plus) or - (minus) to the generic descriptor in order to provide additional detail. For example:

Pass +

Pass

Pass -

In this case, a 'Pass +' would indicate performance in the upper end of the pass range, a grade of 'Pass' would indicate a mid range pass and a 'Pass -' would indicate performance at the lower end of the pass range. This principle is applied to all grade descriptors (i.e., HD, D, CR, P, F)

Raw scores for all assessments will be moderated according to the University guidelines so that work judged to be of a given standard is awarded a moderated score within the following distribution: High Distinction 85 - 100; Distinction 75 - 84; Credit 65 - 74; Pass 50 - 64; Fail 0 - 49.

For example, if it is judged that the HD standard for a particular assessment is met by work scoring 90 - 100, raw scores will be adjusted so that students received moderated scores between 85 and 100. This moderation takes into account both the stated performance standards for the assessment component and the degree of difficulty of the specific task.

Final unit grades

In order to ensure clear distinctions between grades, final marks of 49, 64, 74 and 84 will not be used. The following generic grade descriptors provide university-wide standards for awarding final grades.

Grade	Descriptor
-------	------------

HD (High Distinction)	Provides consistent evidence of deep and critical understanding in relation to the learning outcomes. There is substantial originality and insight in identifying, generating and communicating competing arguments, perspectives or problem solving approaches; critical evaluation of problems, their solutions and their implications; creativity in application as appropriate to the discipline.
D (Distinction)	Provides evidence of integration and evaluation of critical ideas, principles and theories, distinctive insight and ability in applying relevant skills and concepts in relation to learning outcomes. There is demonstration of frequent originality in defining and analysing issues or problems and providing solutions; and the use of means of communication appropriate to the discipline and the audience.
Cr (Credit)	Provides evidence of learning that goes beyond replication of content knowledge or skills relevant to the learning outcomes. There is demonstration of substantial understanding of fundamental concepts in the field of study and the ability to apply these concepts in a variety of contexts; convincing argumentation with appropriate coherent justification; communication of ideas fluently and clearly in terms of the conventions of the discipline.
P (Pass)	Provides sufficient evidence of the achievement of learning outcomes. There is demonstration of understanding and application of fundamental concepts of the field of study; routine argumentation with acceptable justification; communication of information and ideas adequately in terms of the conventions of the discipline. The learning attainment is considered satisfactory or adequate or competent or capable in relation to the specified outcomes
F (Fail)	Does not provide evidence of attainment of learning outcomes. There is missing or partial or superficial or faulty understanding and application of the fundamental concepts in the field of study; missing, undeveloped, inappropriate or confusing argumentation; incomplete, confusing or lacking communication of ideas in ways that give little attention to the conventions of the discipline.

Note: If you fail a unit with a professional experience component the fail grade will be on your transcript irrespective of the timing of the placement.

Assessment weighting

All assessment tasks must be attempted for students to be eligible for an overall passing grade in the unit.

Students are required to gain an overall pass on the unit, but do not have to pass all assessment components. If you perform poorly on one component, you may compensate for this with a better performance in the other component.

Consistent with the University Assessment Policy, moderated scores will be used in the calculation of final grades. The final unit score will be the weighted average of the moderated scores for the unit.

In order to meet the unit outcomes and successfully pass this unit, students must make a genuine attempt at all assessment tasks. Where any submitted assessment task is considered to be unsatisfactory in this regard, the highest possible final grade that can be awarded for the unit will be 45.

Results

Results shown in iLearn, or released directly by your Unit Convenor, are not confirmed as they are subject to final approval by the University. Once approved, final results will be sent to your student email address and will be made available in eStudent. For more information visit ask.mq.edu.au.

Resubmission

Students are required to gain an overall pass on the unit, but do not have to pass all assessment components. If you perform poorly on one component, you may compensate for this with an improved performance in the other component. **Resubmission is not permitted.**

Requesting a re-assessment of an assignment

If you have **evidence** that your task has been incorrectly assessed against the grade descriptors you can request a re-mark. To request a re-mark you need to contact the unit convenor within **7 days** of the date of return of the assignment and provide **a detailed assessment of your script against the task criteria**. Evidence from your assignment must be provided to support your judgements.

Note: Failed assessments cannot be re-marked as they are all double-marked as a part of the moderation process.

Please note: The outcome of a re-mark may be a **higher/lower or unchanged grade**. Grades are *standards referenced* and effort is NOT a criterion.

Appeals against final unit grades

See the Policies and Procedures section for details on appeals against Unit Grades.

Academic honesty and plagiarism

You must read the Academic Honesty Policy that is linked in the Policies and Procedures section of this guide.

Important points:

- Close paraphrasing of another persons' writing is considered to be plagiarism. You must express ideas using your own words.
- Claim of ignorance of the University policy on plagiarism is NOT a defence. If you do not understand the Academic Honesty policy, please seek advice from a member of the academic staff.

What is required for the assignments?

In general, good presentation, correct grammar, spelling and appropriate word choice will be expected. Express your ideas concisely and clearly.

Strict APA 7th edition referencing procedures should be used.

How do I submit my assignment?

You will submit your assignment through the iLearn website via the link in the Assessment section.

How do I know my assignment submission was successful?

Staff will NOT respond to requests to confirm that assignments have been correctly submitted. You will receive an email receipt on successful submission of your assignment in your student

email account. Make sure that this has been received and retain this receipt. No claims will be considered regarding missing assignments without this receipt. You can also re-download your assignment to double-check it was submitted (see above).

Assignment extensions and late penalties

In general, there should be no need for extensions except through illness or misadventure that would be categorised as serious and unavoidable disruption according to the University definition of same, see: <https://students.mq.edu.au/study/my-study-program/special-consideration>

Applications for extensions must be made via AskMQ according to the Special Consideration policy. Extensions can only be granted if they meet the Special Considerations policy and are submitted via <https://ask.mq.edu.au/>. This will ensure consistency in the consideration of such requests is maintained.

Unless a Special Consideration request has been submitted and approved, (a) a penalty for lateness will apply – two (2) marks out of 100 will be deducted per day for assignments submitted after the due date – and (b) no assignment will be accepted more than seven (7) days (incl. weekends) after the original submission deadline. No late submissions will be accepted for timed assessments – e.g. quizzes, online tests. Note that the 7 day allowance for assignments to be submitted after the due date is a period of grace, not a new deadline. The 7 day period of grace applies only to the original due date. No period of grace applies when an extension has been granted. When an extension has been granted, the work must be submitted by the revised due date or a mark of zero will be awarded.

No assessable work will be accepted after the return/release of marked work on the same topic. If a student is still permitted to submit on the basis of unavoidable disruption, an alternative topic may be set.

Students should keep an electronic file of all assessments. Claims regarding "lost" assessments cannot be made if the file cannot be produced. It is also advisable to keep an electronic file of all drafts and the final submission on a USB untouched/unopened after submission. This can be used to demonstrate easily that the assessment has not been amended after the submission date.

Please note that if you submit a late assignment or submit after the due date, you may only submit once.

What if my hard drive crashed, my pet hippopotamus ate my computer, etc?

You are responsible for making sure your work is adequately backed up. Make sure your work is regularly backed up on a USB drive or to a cloud-based backup and don't leave your submission to the last minute. No extensions will be given for any technical issues. Allow enough time for your submissions. Always keep your hippopotamus and computer in separate rooms.

When is the deadline for submission?

The deadline is 11:55 pm on the due date. Note that this means you must submit **BEFORE** 11:55 pm. Note that it takes time to upload your assignment to Turnitin. This is normally quite quick but will depend on the speed of your internet connection at the time. The

submission time is the time that assignment is recorded as received by Turnitin as we can not verify the time you started uploading. You need to allow time for the upload. **Do not leave submission of your assignment to the last hours (or minutes).**

What if my assignment is only 11 seconds late?

Late is late. Any submission after the deadline will be considered late. **Do not leave submission of your assignment to the last hours (or minutes).**

What if I accidentally submit a blank assignment, the wrong document, etc?

We can only mark what you submit. Make sure you re-download your assignment from the location that it was submitted and verify the correct document has been submitted. No consideration will be offered if you submit the incorrect document. You may submit your assignment as many times as you wish before the due date and only the last submitted version will be marked.

Final Submissions

- Students are responsible for checking that their submission has been successful and has been submitted by the due date and time.
- Late submissions due to last minute technical difficulties will incur a lateness penalty.

How will I get feedback for my assignment?

Individual feedback will be provided electronically where you submitted your assignment.

Assignment rubrics

Assignment rubrics and performance criteria will be available on the iLearn site in the Assessment section.

Detailed Assignment Requirements

Proposal

Submit a brief proposal (100 words) maximum describing your project. You should include a description of your learners or learner, context in which the teaching will occur and the skill or skills to be taught.

Please notify Mark Carter via Dialogue if you submit early so your proposal can be examined ASAP.

Assessment and Program Design

Report on student assessment procedures, analysis of results, justification and documentation of proposed program design. Length will vary depending on the details of your program but recommended length is 2,000 to 3,000 words. **Note that your assignment must be submitted as a single file and the maximum size is 40mb.** If you are including scanned content, ensure

scans are at no more than 300 dots per inch to reduce file size.

Details:

This assignment must be structured using the following headings. In all cases, sufficient detail should be provided to offer the marker with a clear understanding of what you have done (in the case of assessment) or are proposing (in the case of intervention). Appendices may be used for bulky and supplementary material and these do not contribute to the suggested word count.

1. Description of Learner(s)

Provide a succinct description of the learner(s) to whom the skill will be taught. Normal ethical and professional standards apply here with regard to confidentiality and no identifying information should be provided. First names only or pseudonyms should be employed.

2. Description of Assessment Content and Procedures

Provide a clear and concise description of the assessment content (scope and sequence) as well as procedures used during the assessment.

3. Results and Interpretation of Assessment

Provide a comprehensive summary of the assessment results as well as a summary of the findings and implications for programming.

4. Instructional Objective or Objectives

An instructional objective or objectives should be presented appropriate to the skill or skills being taught.

5. Description of Intervention Program Including Monitoring

Provide a clear description of your proposed intervention and data collection strategies. The description of the intervention should include scope and sequence as well as teaching procedures and/or lesson plans, as appropriate.

6. Justification of Proposed Intervention Program

Provide a justification of your proposed intervention program in relation to empirical research evidence. Your justification should consider the strength and extent of available evidence. Your justification may be in terms of specific techniques employed (e.g., progressive time delay fading) or, in the case of a commercial or package program, evaluation studies.

If you are using a commercial or package program there are additional requirements for your justification. In this instance, you are also expected to provide a clear and robust rationale for the selection of the program in relation to alternatives, with a comprehensive address of the relative strengths and weaknesses. You should also outline any adaptations or modifications that may be necessary for your learners. You must articulate the specific features of the program that make it the most appropriate option for your purpose, clearly indicating your understanding of the underlying principles relating to instruction and curriculum design.

7. References

References should be presented in strict APA 7th edition format.

Portfolio of Implementation

Portfolio of intervention program implementation including lesson plans, monitoring, and critical reflections and evaluations. Length will vary depending on the details of your program but recommended length is 2,000 to 3,000 words excluding your documentation of changes (sections 1 and 2) and appendices. It is expected that your program will involve at least 20 teaching sessions unless otherwise negotiated with your supervisor. **Note that your assignment must be submitted as a single file and the maximum size is 40mb.** If you are including scanned content, ensure scans are at no more than 300 dots per inch to reduce file size.

Details:

This assignment must be structured using the following headings. In all cases, sufficient detail should be provided to offer the marker with a clear understanding of what you have done. Appendices may be used for bulky and supplementary material.

1. Summary of Changes

Include a **summary of changes** made to your Assessment and Program Design in response to supervisor feedback at the start of this section.

2. Copy of Description of Intervention Program Including Monitoring with Revisions

You must also include a copy of your Description of Intervention Program Including Monitoring (from the preceding assignment). You **MUST** indicate any revisions using the Track Changes feature of your word processor. If you have made any other changes to components relevant to instruction (e.g., instructional objectives), they should also be included in this section with tracking.

PLEASE ONLY USE TRACK CHANGES FOR THIS SECTION OF YOUR ASSIGNMENT.

3. Log of Teaching Sessions

Include a log of your teaching sessions including dates and content taught in each session. The log should simply be a table of the dates of your teaching sessions with a short description or list of content addressed.

4. Results

You should include a clear summary of student performance data (e.g., graphs, tables) during your instruction. In addition, at the very least, three examples of raw data you collected should be provided.

Ensure that you provide information that is critical to understanding the results. For example, describe any changes made to instruction in response to student data.

5. Interpretation and Critical Reflection

You should use and address each of the following subheadings in this section:

(a) Interpretation of the program with regard to effectiveness

Provide a clear interpretation of your results including in relation to the set instructional objectives.

(b) Justification of changes made to instruction in response to student data

Justify any changes you made to your teaching program in response to student data. If appropriate, reference to relevant research may be made where changes were implemented. If no changes were made, justify why they were not necessary.

(c) Suggestions for changes or improvements to the program

Provide suggestions for any changes or improvements to the program that could be made but were not actually implemented with reference to relevant research if appropriate.

6. References

References should be presented in strict APA 7th edition format.

Presentation

Presentation with 10 supporting slides in **Microsoft Powerpoint format**. The presentation should be limited to 12 minutes and markers will only mark up to this limit. **Note that the maximum size for this submission is 40mb**. If you are including scanned content, ensure scans are at no more than 300 dots per inch to reduce file size. **The presentation MUST be submitted in Microsoft Powerpoint format**. If you are using a alternative presentation software (e.g., Keynote), make sure that you can save your file in Powerpoint format.

Detail:

Your presentation should be in the format of a narrated self-contained PowerPoint file with a maximum of 10 slides. The presentation should be set up to advance slides automatically.

An internet search for the following may assist:

- How to record narration in Powerpoint
- How to Run Powerpoint in Kiosk Mode

The assignment will be evaluated in the following areas:

- Comprehensiveness of presentation (addressing background, assessment, intervention, justification, monitoring (i.e., results), changes and critical reflections, etc., references).
- Clarity of presentation and appropriateness to professional audience

Assessment Tasks

Name	Weighting	Hurdle	Due
Proposal	0%	No	Friday 7/8 before 11:55pm

Name	Weighting	Hurdle	Due
<u>Assessment and Program Design</u>	50%	No	Friday 11/9 before 11:55pm
<u>Portfolio of Implementation</u>	40%	No	Friday 6/11 before 11:55pm
<u>Presentation</u>	10%	No	Friday 6/11 before 11:55pm

Proposal

Assessment Type ¹: Participatory task

Indicative Time on Task ²: 1 hours

Due: **Friday 7/8 before 11:55pm**

Weighting: **0%**

100 word proposal to supervisor for approval. (Note: This is not a graded task but is included as a formal requirement to ensure students engage early with the unit and to allow an academic supervisor to be appointed.)

On successful completion you will be able to:

- Integrate and synthesize theory, knowledge and skills from across the program and apply to professional practice as a special educator in a work-related context.

Assessment and Program Design

Assessment Type ¹: Case study/analysis

Indicative Time on Task ²: 67 hours

Due: **Friday 11/9 before 11:55pm**

Weighting: **50%**

Report on student assessment procedures, analysis of results, justification and documentation of proposed program design. (2,000 to 3,000 words).

On successful completion you will be able to:

- Integrate and synthesize theory, knowledge and skills from across the program and apply to professional practice as a special educator in a work-related context.
- Apply clinical judgement in the selection and application of evidence based pedagogical practices to solve complex problems in the education of students with special education needs.
- Apply appropriate professional ethical standards in the implementation and documentation of educational programs.
- Effectively communicate complex ideas regarding program planning and implementation to relevant stakeholders.

Portfolio of Implementation

Assessment Type ¹: Case study/analysis

Indicative Time on Task ²: 54 hours

Due: **Friday 6/11 before 11:55pm**

Weighting: **40%**

Documentation of implemented program including lesson plans, monitoring, critical reflections and evaluation. (2,000 to 3,000 words).

On successful completion you will be able to:

- Integrate and synthesize theory, knowledge and skills from across the program and apply to professional practice as a special educator in a work-related context.
- Apply clinical judgement in the selection and application of evidence based pedagogical practices to solve complex problems in the education of students with special education needs.
- Apply appropriate professional ethical standards in the implementation and documentation of educational programs.
- Effectively communicate complex ideas regarding program planning and implementation to relevant stakeholders.
- Critically evaluate and reflect on the process and outcomes of educational programs.

Presentation

Assessment Type ¹: Presentation

Indicative Time on Task ²: 13 hours

Due: **Friday 6/11 before 11:55pm**

Weighting: **10%**

The presentation is in the format of a narrated self-contained PowerPoint file or video with a maximum of 10 slides.

On successful completion you will be able to:

- Effectively communicate complex ideas regarding program planning and implementation to relevant stakeholders.

¹ If you need help with your assignment, please contact:

- the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
- the [Writing Centre](#) for academic skills support.

² Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation

Delivery and Resources

General organisation of the unit

The unit is organised in external mode only, and in a flexible delivery format.

Delivery is designed such that students may seek as much or as little assistance as required in completing the unit. In flexible delivery units, it is critical that students are organised and disciplined. Please start your study as soon as possible.

Unit delivery: Teaching and learning activities

- **Online presentations** provide information and highlight key concepts.
- **Forums** provide students with the opportunity to ask question and discuss issues relevant to the unit. Contributions to the online discussion forum are not compulsory but can be a beneficial way of exchanging ideas and discussing unit content with other students. Although unit convenors typically check the Discussion Forums daily (on weekdays), they will not respond to all posts, as discussion between students may be more appropriate. **Forums should be checked every 48 hours for important announcements.**
- **Dialog** allows students to communicate privately with the unit staff. **Dialog should be checked every 48 hours for important information.**
- **Zoom Meeting Consultations** allow students to meet online with unit staff to discuss relevant issues
- **Assessments** allow students to refine and demonstrate achievement of unit learning outcomes.

Technologies used and required

The unit uses an Ilearn web site. You may access the site from:

<https://ilearn.mq.edu.au>

Zoom Meetings will be used for consultation. You can sign up to use the service for free (<https://www.zoom.us>) and download clients for computers and mobile devices here:

https://www.zoom.us/download#client_4meeting

Unit Schedule

Classes

Classes or consultations are not compulsory but you can attend via Zoom Meetings.

Please click this URL to start or join: <https://macquarie.zoom.us/j/363113255>

Note: If no students join the Zoom meeting in the first 10 minutes, the remainder of the session will be cancelled.

Date	Time	Topic
30/7	5.00pm	Overview - Zoom Meeting
6/8	5.00pm	Open consultation - Zoom Meeting (Mark Carter)
13/8	5.00pm	Open consultation - Zoom Meeting (Mark Carter)
20/8	5.00pm	Open consultation - Zoom Meeting (Mark Carter)
27/8	5.00pm	Open consultation - Zoom Meeting (Mark Carter)
3/9	5.00pm	Open consultation - Zoom Meeting (Mark Carter)
10/9	5.00pm	Open consultation - Zoom Meeting (Mark Carter)
		30 minute individual consultation times will be offered when the Assessment and Program Design have been marked. Please book your time on the iLearn site when they are made available. Open consultation - Zoom Meeting (Mark Carter)
1/10	5.00pm	Open consultation - Zoom Meeting (Mark Carter)
8/10	5.00pm	Open consultation - Zoom Meeting (Mark Carter)
15/ 10	5.00pm	Open consultation - Zoom Meeting (Mark Carter)
22/ 10	5.00pp	Open consultation - Zoom Meeting (Mark Carter)
29/ 10	5.00pm	Open consultation - Zoom Meeting (Mark Carter)
5/11	5.00pm	Open consultation - Zoom Meeting (Mark Carter)

Policies and Procedures

Macquarie University policies and procedures are accessible from [Policy Central \(https://staff.mq.edu.au/work/strategy-planning-and-governance/university-policies-and-procedures/policy-central\)](https://staff.mq.edu.au/work/strategy-planning-and-governance/university-policies-and-procedures/policy-central). Students should be aware of the following policies in particular with regard to Learning and Teaching:

- [Academic Appeals Policy](#)
- [Academic Integrity Policy](#)

- [Academic Progression Policy](#)
- [Assessment Policy](#)
- [Fitness to Practice Procedure](#)
- [Grade Appeal Policy](#)
- [Complaint Management Procedure for Students and Members of the Public](#)
- [Special Consideration Policy](#) (**Note:** *The Special Consideration Policy is effective from 4 December 2017 and replaces the Disruption to Studies Policy.*)

Students seeking more policy resources can visit the [Student Policy Gateway](https://students.mq.edu.au/support/study/student-policy-gateway) (<https://students.mq.edu.au/support/study/student-policy-gateway>). It is your one-stop-shop for the key policies you need to know about throughout your undergraduate student journey.

If you would like to see all the policies relevant to Learning and Teaching visit [Policy Central](http://staff.mq.edu.au/work/strategy-planning-and-governance/university-policies-and-procedures/policy-central) (<http://staff.mq.edu.au/work/strategy-planning-and-governance/university-policies-and-procedures/policy-central>).

Student Code of Conduct

Macquarie University students have a responsibility to be familiar with the Student Code of Conduct: <https://students.mq.edu.au/study/getting-started/student-conduct>

Results

Results published on platform other than [eStudent](#), (eg. iLearn, Coursera etc.) or released directly by your Unit Convenor, are not confirmed as they are subject to final approval by the University. Once approved, final results will be sent to your student email address and will be made available in [eStudent](#). For more information visit ask.mq.edu.au or if you are a Global MBA student contact globalmba.support@mq.edu.au

Student Support

Macquarie University provides a range of support services for students. For details, visit <http://students.mq.edu.au/support/>

Learning Skills

Learning Skills (mq.edu.au/learningskills) provides academic writing resources and study strategies to help you improve your marks and take control of your study.

- [Getting help with your assignment](#)
- [Workshops](#)
- [StudyWise](#)
- [Academic Integrity Module](#)

The Library provides online and face to face support to help you find and use relevant information resources.

- [Subject and Research Guides](#)

- [Ask a Librarian](#)

Student Services and Support

Students with a disability are encouraged to contact the [Disability Service](#) who can provide appropriate help with any issues that arise during their studies.

Student Enquiries

For all student enquiries, visit Student Connect at ask.mq.edu.au

If you are a Global MBA student contact globalmba.support@mq.edu.au

IT Help

For help with University computer systems and technology, visit http://www.mq.edu.au/about_us/offices_and_units/information_technology/help/.

When using the University's IT, you must adhere to the [Acceptable Use of IT Resources Policy](#). The policy applies to all who connect to the MQ network including students.

Required Unit Materials and Readings

There is no set text for this unit. students may find the following texts and readings from all units in their program of study relevant.

Withdrawing from this Unit

If you are considering withdrawing from this unit, please seek academic advice by writing to <https://ask.mq.edu.au> before doing so as this unit may be a co-requisite or prerequisite for units in the following semesters and may impact on your progression through the degree.
