Unit description

The study of corporate mergers/acquisitions is truly interdisciplinary. The unit will draw on material from the fields of strategy, accounting, law, economics and corporate finance. The unit broadly covers each of the following topics: (1) Evaluation of the strategy and motives for acquisitions; (2) Valuing targets to determine optimum acquisition price; (3) Financing considerations for acquisitions; (4) Deal design and structure; (5) The common forms of corporate combinations and their motivation; (6) Due diligence; and (7) transactions planning and implementation.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Examine key factors relevant to corporate transactions in order to make well developed and commercially robust business decisions involving mergers, acquisitions and divestments.

ULO2: Assess and analyse stakeholder interests relevant to corporate development strategies involving mergers, acquisitions and divestments with a view to creating value for the firm and arising benefits to its stakeholders.

ULO3: Explore issues relating to transaction implementation processes to ensure the success of the corporate transaction.
