Unit description

This unit introduces the skills, techniques and knowledge required by professional interpreters to competently work in specific institutional settings: business interpreting, medical interpreting and legal interpreting. Through a mix of theory and applied practice, students learn about the broader contexts of these domains and then prepare for a simulation of a typical interpreting scenario for each of these settings. Student will build skills in terminology and glossary development, discourse management, message transfer, and reflective self-analysis.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Demonstrate effective interpreting skills and techniques across business, medical and legal interpreting domains.

ULO2: Apply theoretical and contextual knowledge to interpreting practice in these specific settings.

ULO3: Generate creative solutions to complex interpersonal and professional conduct issues arising in interpreting practice.

ULO4: Develop strategies to enable ongoing improvement based on self assessment of

interpreting performance across these settings.
