General Assessment Information

The Professional Experience Folder

Much of the Teacher Education Student's development during Professional Experience will be readily observable. As the Teacher Education Student makes curriculum decisions, acts upon and adapts them, he/she should be able to justify and critique their decision making and practice. The Teacher Education Student's actions, records and critiques become the major indicator for evaluating progress. It is expected, therefore, that observation followed by the discussion will be a significant component of the evaluation of Professional Experience.

It is essential, however, that the Teacher Education Student maintains written records to document evidence of development. Relevant documentation should be kept in their portfolio collection. This documentation can also be used by the Supervising Teacher when evaluating the student's progress against the PE Evaluation Report.

The portfolio collection will include the following sections based on the Professional Experience expectations:

- Standard 1: Know students and how they learn
- Standard 2: Know the content and how to teach it
- Standard 3: Plan for and implement effective teaching and learning
- Standard 4: Create and maintain supportive and safe learning environments
- Standard 5: Assess, provide feedback and report on student learning
- Standard 6: Engage in professional learning
- Standard 7: Engage professionally with colleagues, parents/carers and the community.

The student will also include the following documents in their portfolio collection:

- The Department of Educational Studies Code of Conduct;
- WWCC;
- Anaphylaxis Certificate
- Child Protection Training Certificate

LESSON PLANS (see sample on the Professional Experience website)

A lesson plan must be written prior to the presentation of each and every lesson taught over the practicum period. The plan must be written well before delivery so that your supervising teacher has sufficient time to review it and provide appropriate feedback. Please DO NOT present a lesson plan to your teacher just prior to teaching your lesson. Ensure your teachers have adequate time to review and provide feedback or advice.

Supervising teachers are encouraged to use their professional judgement in making decisions about the number and frequency of whole-class lessons taught by the Teacher Education Students.

As a guide, by the fourth or fifth day of the placement, Teacher Education students should be teaching for about one-third of the day, gradually increasing the number of lessons so that they are teaching up to half the typical daily teaching load by the end of the 30 days period.

Professional Experience Unit Placement Expectations

Students must be able to present evidence of completion of the following prior to session census date (or as otherwise advised) in order to receive a placement for Professional Experience:

- A Working with Children Check or State/ Territory equivalent
- Anaphylaxis training (practical and online training) (school placements only). Please note that Anaphylaxis training is only current for 2 years so students will need to update this, most probably at the start of their final year
- Child Protection online training (school placements only)

Students are responsible for ensuring that their evidence is current. Please be aware that you may need to update your training or credential during your program of study.

- A Working with Children Check or State/Territory equivalent is required to be eligible for a placement. Students may need to withdraw from this unit if this has not been obtained in time.
- Students who are completing a unit offered by another department are expected to inform and negotiate with that unit convenor about their professional experience block dates and to discuss how that unit's requirements can be met. For some situations, it may mean that you are enrolled externally for that unit so that your attendance for tutorials for that unit is not impacted.
- Feedback from Tertiary Supervisors and/or Supervising Teachers is of a general nature. It is incumbent on the student to check the requirements of any assessments or bookwork prior to submission.
- If a Student is identified being **in need of additional support** for Professional Practice and/or Bookwork, the [Department's 'Additional Support' procedure](#) will be activated and they will not be able to withdraw themselves from this Unit.

- The timing of placements can vary. For placements early in the Session, Fail grades may be approved by the University prior to the end of Session for students who do not meet the placement expectations of the Unit.

Fitness to practice requirements:

- Macquarie University operates under a 'Fitness to Practice' model as specified in the University's Academic Progression Policy. For this Unit, this means that, when undertaking a placement, a student is declaring that they are able to demonstrate professional competence, acceptable professional behaviour, freedom from impairment, and compliance with program specific requirements needed for a student to practice properly and safely throughout their Practical, Clinical or Professional program or unit. It is the responsibility of the student to determine whether they are fit to undertake a placement. Therefore, if a student is feeling unfit to undertake a placement, they should not do so. For more information <https://staff.mq.edu.au/work/strategy-planning-and-governance/university-policies-and-procedures/policies/academic-progression>

In order to meet the Professional Experience placement expectations of this unit, students must:

- attain a 'Satisfactory' grade for their Professional Experience Practical Work in their Evaluation Report, **AND**
- attain a 'Satisfactory' grade for their Professional Experience Folder in their Evaluation Report

Other important policies

Twice Fail Rule for Professional Experience Units

General Coursework Rule 10(7) stipulates that if a student fails a required unit twice in an undergraduate professional program listed on Schedule 2, they may be permanently excluded from further enrolment in that program.

Students completing a double degree will be able to continue with their other degree program provided they meet the academic progression requirements of the Academic Progression Policy.

Students completing a single Education degree (such as the BEd) are advised to seek academic advice.
