Unit description

The way researchers approach a topic is significantly influenced by the methods and methodologies they select. This unit is designed to provide an introduction to key methods and methodologies that have shaped geography and planning and their broader historiographies, with a focus on how these relate to contemporary research in these fields. Students will engage with a range of methods and methodologies in geography, planning, and related fields such as development studies and environmental humanities. The unit is flexible and responsive to the interests and strengths of students enrolled in any given semester. It is designed to give students a grounding in key methods that inform research. It will introduce students to a number of current open methodological questions across the range of these broad fields.

## Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

## Learning Outcomes

On successful completion of this unit, you will be able to:

**ULO1:** Demonstrate knowledge of key research methodologies in geography and planning.

**ULO2:** Evaluate the links between theoretical approaches and research methods in

geography and planning.

**ULO3:** Identify appropriate and ethical methods for your own individual research.

**ULO4:** Use literacy and digital skills to communicate effectively using appropriate methods of communication.

## **General Assessment Information**

### **SUBMISSION REQUIREMENTS**

All assignments are to be submitted via Turnitin, the university online submission and marking system - found as a link in iLearn. Turnitin includes Grademark, a paperless grading system where your assignments are marked by staff online. Submissions are also checked for plagiarism by Turnitin. Turnitin automatically compares your work to the work of your classmates, previous students and material available on the internet. Hard copies of assignments are no longer accepted and will not be marked.

For more information on Turnitin and Grademark: [http://mq.edu.au/iLearn/student\\_info/assignments.htm](http://mq.edu.au/iLearn/student_info/assignments.htm)

### **DEADLINES, EXTENSIONS AND PENALTIES**

Deadlines set for assignment submissions will not be altered except in exceptional circumstances. In all cases, extensions must be supported with appropriate documentation (medical certificate, counsellor's certificate, statutory declaration). All extensions must be applied for and granted through the special consideration process. See the Special Consideration Policy <https://students.mq.edu.au/study/my-study-program/special-consideration>

Extensions will not be granted in cases of poor time management. Only the Unit Convenor can authorise extensions.

Unless a Special Consideration request has been submitted and approved, (a) a penalty for lateness will apply – two (2) marks out of 100 will be deducted per day for assignments submitted after the due date – and (b) no assignment will be accepted seven (7) days (incl. weekends) after the original submission deadline. No late submissions will be accepted for timed assessments – e.g. quizzes, online tests.

Students who fail to complete and submit ALL assignments for the Unit may not receive enough marks to pass the unit. Penalties will also be incurred for plagiarism, that is, the use of another persons' work and presentation as your own (see University Policies and [http://www.mq.edu.au/policy/docs/academic\\_honesty/policy.html](http://www.mq.edu.au/policy/docs/academic_honesty/policy.html)).

### **GRADING**

Each assignment will be marked, commented upon and returned to you via Turnitin and Grademark. Grading is conducted in line with the universities grading policy (<http://www.mq.edu.au/policy/docs/grading/policy.html>)

## Delivery and Resources

Students will undertake a series of joint workshops and one-on-one meetings with their proposed MRes Year 2 supervisor. The joint workshops will require students to discuss key considerations in methods and methodology in geography and planning. In the one-on-one meeting students will be mentored in the essay proposal and essay assessment tasks by their proposed MRes Year 2 supervisor and gain experience in working with a supervisor.

### Schedule:

The 1 hour joint workshops will be held in Week 1, Week 7, and Week 10.

Students should contact their proposed MRes Year 2 supervisor in Week 1 to organise a series

of 5 x 1 hour one-on-one meetings at a suitable time. These should be evenly spread across the session (e.g. Week 2; Week 4; Week 6; Week 8; Week 11).
