TECHNOLOGY USED AND REQUIRED

Online Unit

Login is via: <https://ilearn.mq.edu.au/>

Is my unit in iLearn?: <http://help.ilearn.mq.edu.au/unitsonline/> to check when your online unit will become available.

Technology

Students are required to have regular access to a computer and the internet. Mobile devices alone are not sufficient.

For students attending classes on campus we strongly encourage that you bring along your own laptop computer, ready to work with activities in your online unit. The preferred operating system is Windows 10.

Students are required to access the online unit in iLearn by the end of Week 1 and follow any relevant instructions and links for downloads that may be required. If applicable, students are required to download the relevant language package prior to Week 2.

Please contact your course convenor **before** the end of **Week 1** if you do not have a suitable laptop (or tablet) for in-class use.

- For student quick guides on the use of iLearn go to: <https://students.mq.edu.au/support/study/tools-and-resources/ilearn/ilearn-quick-guides-for-students>

Unit Schedule

It is important that students work regularly at home using the Course Notes and Audio Lectures in order to cope with the unit workload. There are no on-campus sessions. While it is quite possible to complete the whole unit externally without any interaction with the tutor, as has been demonstrated by a number of students in the past, those students who have regular face-to-face contact with the tutor and/or other students have proved to have higher academic achievements.

Please note that there will be weekly Zoom tutorials every Wednesday at 10:00am AEST for a maximum 90 minutes starting in Week 1 and running through to Week 13 excluding the mid-semester break. These tutorials are non-compulsory but are highly recommended.
