Unit description

This unit is the second practical placement unit for the Master of Clinical Psychology program and is conducted in an external clinical service under the supervision of Adjunct Fellows of Macquarie University. The placement has an overall workload of 300 hours, and provides the opportunity to build upon competencies in Clinical psychology, demonstrated in Practical Placement 1 in the Psychology Clinic, to an intermediate level. Activities include face-to-face assessment and treatment of genuine clients of the service; professional administrative tasks such as risk management, note keeping and report writing; and supervision activities, both individual and group as required and available in the external setting. A range of general clinical work with adults and children is mandatory and may include anxiety, depression, trauma, personality disorders and medical problems, as well as practice working in different therapeutic approaches. Students are required to complete at least a thousand hours across all placements in the program to meet accreditation requirements. By the time students finish this first external placement unit, they will have further developed competencies in 10 domains as identified by the accrediting body APAC as Core Competencies to become a Clinical Psychologist.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Apply depth and breadth of knowledge and scholarly understanding required of clinical psychologists in determining client needs and designing and implementing evidence-based interventions

ULO2: Demonstrate higher level critical thinking skills in their ability both to generate and evaluate new, professionally-oriented knowledge

ULO3: Communicate effectively across a wide range of client groups, colleagues and other professionals, using a variety of formats to function empathically within and across cultures and life stages

ULO4: Apply knowledge of the legislative frameworks relevant to clinical psychologists and undertake practice according to professional standards and the Psychology Board of Australia's code of ethics

ULO5: Demonstrate the entry level capabilities required of practising clinical psychologists, along with the professional and personal skills for assessing continuous development needs

General Assessment Information

Placements may occur in a variety of settings where psychological services are provided to clients. Students on placement must meet the psychology discipline's fitness to practice requirements as well as adhere to all the guidelines provided in placement manuals and any other specific policy and procedures provided by a provider hosting an external placement.

Students must comply with any instructions given by a supervisor including any request to pause or terminate a placement. If requested to leave a placement, students must notify the Course clinical placement coordinator within 24 hours. Following notification, a review of the circumstances leading to the request will be investigated. If the circumstances indicate that request was solely because of issues with the placement provider an alternate placement will be arranged. Alternatively if the request was made because of concerns regarding the student, the issue will be managed according to the University's procedures.

Assessment Tasks

Name	Weighting	Hurdle	Due
<u>End of placement review (EPR)</u>	30%	Yes	Due at completion of placement
<u>Mid-placement review (MPR)</u>	30%	Yes	Due approximately half way through placement

Name	Weighting	Hurdle	Due
Weekly Supervision (WIL)	30%	Yes	Approximately one hour of supervision per placement day
Samples of case reports	10%	Yes	Due at completion of placement

End of placement review (EPR)

Assessment Type ¹: Work-integrated task

Indicative Time on Task ²: 2 hours

Due: **Due at completion of placement**

Weighting: **30%**

This is a hurdle assessment task (see [assessment policy](#) for more information on hurdle assessment tasks)

This is an end of placement assessment of competency, conducted in the placement setting with the field supervisor using a standardised, validated competency assessment (CYPRS) tool. Feedback is on developing competency to a PASS ; level on each of eleven domains, with PASS ; specified as a score of 3.5 out of 5 on each domain. The field supervisor provides recommendation to the placement co-ordinator who reviews the evaluation form including log book and samples of work, to determine the awarding of the final grade.

On successful completion you will be able to:

- Apply depth and breadth of knowledge and scholarly understanding required of clinical psychologists in determining client needs and designing and implementing evidence-based interventions
- Demonstrate higher level critical thinking skills in their ability both to generate and evaluate new, professionally-oriented knowledge
- Communicate effectively across a wide range of client groups, colleagues and other professionals, using a variety of formats to function empathically within and across cultures and life stages
- Apply knowledge of the legislative frameworks relevant to clinical psychologists and undertake practice according to professional standards and the Psychology Board of Australia's code of ethics
- Demonstrate the entry level capabilities required of practising clinical psychologists, along with the professional and personal skills for assessing continuous development needs

Mid-placement review (MPR)

Assessment Type ¹: Work-integrated task

Indicative Time on Task ²: 1 hours
