Unit description

This unit focuses on the synthesis and application of entrepreneurship knowledge in practice. By focusing on contemporary challenges facing entrepreneurs, students will synthesise and apply their acquired knowledge to real-world scenarios such as managing start-up ventures or corporate entrepreneurship. The unit will develop students' abilities to endorse appropriate business models and strategies to create and realise opportunities beyond the university setting.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at https://www.mq.edu.au/study/calendar-of-dates

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Integrate and synthesise relevant theory from disciplines such as management,

marketing and finance and apply to the entrepreneurship context.

ULO2: Critically evaluate entrepreneurship theory with reference to real-world scenarios

ULO3: Collaborate effectively with a team to develop and pitch a solution to an

entrepreneurial business challenge.

General Assessment Information

Late Assessment Policy:

Late assessment submissions must be submitted through the appropriate submission link in <u>iLea</u> <u>rn</u>. No extensions will be granted unless an application for <u>Special Consideration</u> is made and approved. There will be a **deduction of 10%** of the total available marks made from the total awarded mark for each **24 hour period** or part thereof that the submission is late. Late submissions will not be accepted after solutions have been discussed and/or made available.

Note: applications for <u>Special Consideration Policy</u> must be made within 5 (five) business days of the due date and time.

Assessment Tasks

Name	Weighting	Hurdle	Due
Individual Case	40%	No	Mid semester break
Entrepreneurship Project	60%	No	Weeks 4, 7, 8, 11, 12 and 13

Individual Case

Assessment Type 1: Case study/analysis Indicative Time on Task 2: 20 hours Due: **Mid semester break** Weighting: **40%**

This assessment requires students to document and analyse an entrepreneurial case (either a sub-set of the student's work in the Entrepreneurship Project or a case description provided to the student). The analysis expected to be approximately 1500 words, but students also need to submit substantial additional supporting material about the case (e.g. research material, documentation of actions undertaken etc.; refer to iLearn for detailed instructions).

On successful completion you will be able to:

- Integrate and synthesise relevant theory from disciplines such as management, marketing and finance and apply to the entrepreneurship context.
- Critically evaluate entrepreneurship theory with reference to real-world scenarios

Entrepreneurship Project

Assessment Type 1: Project Indicative Time on Task 2: 45 hours Due: Weeks 4, 7, 8, 11, 12 and 13 Weighting: 60%

The entrepreneurship project requires student groups to develop, document and orally present an authentic entrepreneurial solution to an entrepreneurial challenge presented by a partner organisation (e.g. a business, a patent holder or a not-for profit organisation). The entrepreneurship project solution should address all relevant stakeholders' needs to realise the project. In addition, each student will demonstrate how the entrepreneurship project has progressed and contributed to their reappraisal of entrepreneurship theory with reference to realworld scenarios through project diary entries and a reflective evaluation of the project.

The entrepreneurship solution (both written documentation and oral presentation) is marked on a group basis (30% of total unit marks). The length and format of the written and oral presentations may vary depending on the nature and needs of the industry partner.

The student diary and reflective evaluation is marked individually (30% of total unit marks). The reflective evaluation should be between 1000 and 1500 words with diary entries as an appendix (Refer to iLearn for detailed instructions).

On successful completion you will be able to:

- Integrate and synthesise relevant theory from disciplines such as management, marketing and finance and apply to the entrepreneurship context.
- Critically evaluate entrepreneurship theory with reference to real-world scenarios
- Collaborate effectively with a team to develop and pitch a solution to an entrepreneurial business challenge.

¹ If you need help with your assignment, please contact:

- the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
- the Writing Centre for academic skills support.

² Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation
