Unit description
This unit surveys the history of magic from the ancient world to the present day, covering cultures from the Ancient Near East, Egypt and the Graeco-Roman world, Late Antiquity, Medieval and Renaissance Europe, down to the early modern world, as well as aspects of cognitive psychology such as perceptual illusions and delusional beliefs. It provides thorough coverage of the way magic has been defined, understood, and used in these civilisations, and the way it has been conceived and studied in the history of modern scholarship over the past two centuries. Students will focus closely on the material sources for ancient magic, especially handbooks of spells and amulets on papyrus. There will also be close consideration of the construction of magic as an antithesis to religion in the ancient and modern worlds, and a focus on the role, use, and understanding of magic in wider historical, literary, and scientific contexts.

Important Academic Dates
Information about important academic dates including deadlines for withdrawing from units are available at https://students.mq.edu.au/important-dates

Learning Outcomes
On successful completion of this unit, you will be able to:

ULO1: Identify evidence for the understanding and practice of magic from the ancient to
early modern world.

**ULO2:** Assess the ways in which definitions of "magic", labelling of magical and religious phenomena, and the cultural processes via which they developed, affects our study of them.

**ULO3:** Consider critically the impact of later academic and popular discourses on the scholarly study and general understanding of ancient and medieval magic.

**ULO4:** Classify and interpret textual, documentary, and artifactual material in terms of technical or genre-based aspects, types of discourses, and their aims and functions.

**ULO5:** Effectively and with academic integrity utilise communication skills appropriate to academic written and oral presentations.

### General Assessment Information

**Marking criteria and standards**

Guidelines on the criteria and standards required for assessment tasks, as well as rubrics where appropriate, will be placed on the iLearn site.

**Assignment Submission**

**ALL** written assignments must be submitted via Turnitin within iLearn.

**Extensions**

**ALL** deadlines are firm unless an extension has been requested in writing one (1) week before the due date. All requests for extensions must be submitted via ask.mq.edu.au and be supported by appropriate documentation. A penalty for lateness (see below) will apply unless a medical certificate or other written substantiation is supplied. Assignments handed in early will not be marked and returned before the due date. Always retain a copy of work you submit in case it is lost in the online system.

**Late Submission Penalty**

Unless a Special Consideration request has been submitted and approved, (a) a penalty for lateness will apply – two (2) marks out of 100* will be deducted per day for assignments submitted after the due date – and (b) no assignment will be accepted more than seven (7) days (incl. weekends) after the original submission deadline. No late submissions will be accepted for timed assessments – e.g. quizzes, online tests.

“100” is to be understood as 100% of the marks for that task, not the entire unit.

**Satisfactory Completion of Unit**

In order to complete this unit satisfactorily students must gain a mark of 50% or more, and attempt all assessment tasks.

If you need help with your assignment, please contact:
• the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
• the Learning Skills Unit for academic skills support.

2 Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation

Delivery and Resources

Required and Recommended Reading

Readings required for each week’s tutorial and for the essay will be placed on the iLearn site or be available electronically or in hard copy though the library.

Technology

The unit has an iLearn page which can be accessed at https://ilearn.mq.edu.au/login/index.php. PC and internet access are therefore required. Basic computer skills (e.g., internet browsing) and skills in word processing are also a requirement. Content, readings, and discussions for this unit will be delivered via the unit iLearn page. The lectures for this unit will be recorded and the audio recordings and accompanying slides will be available on the Echo 360 system. Readings will be available via the library and iLearn; other digital resources will also be placed on the iLearn site.

Lectures

There will two one-hour lectures per week.

Tutorials and Online Discussions

Discussions in which we will focus on the historical interpretation of the sources for magic and assessment of the modern scholarship on it will take place in two formats: in face-to-face on-campus or zoom tutorials for internal students, and online discussions for external students. Tutorials (on-campus or zoom) will be held on Wednesday at 2 and 3 pm. Note that there are tutorials in week 1.

Online discussions will be posted weekly on the iLearn page under the relevant week.
