Session 2 Learning and Teaching Update

The decision has been made to conduct study online for the remainder of Session 2 for all units WITHOUT mandatory on-campus learning activities. Exams for Session 2 will also be online where possible to do so.

This is due to the extension of the lockdown orders and to provide certainty around arrangements for the remainder of Session 2. We hope to return to campus beyond Session 2 as soon as it is safe and appropriate to do so.

Some classes/teaching activities cannot be moved online and must be taught on campus. You should already know if you are in one of these classes/teaching activities and your unit convenor will provide you with more information via iLearn. If you want to confirm, see the list of units with mandatory on-campus classes/teaching activities.

Visit the MQ COVID-19 information page for more detail.

Unit description
This unit introduces students to the Australian legal system, including contract law, and focuses on corporate law and regulation. The relationship between the law and the role of accounting and business professionals is an underlying theme and students are encouraged to develop critical thinking skills as they analyse and evaluate legal issues in a commercial context. The unit will provide students with perspectives on a range of commercially important legal issues such as forming a business, management responsibilities, investor/shareholder protection, and insolvency. Topics include contract law, agency, partnerships, characteristics of companies, director’s duties, rights of shareholders, voluntary administration, and liquidation. At the conclusion of the unit students will be aware of legal regulation applicable to different types of business organisations, particularly companies, and be able to identify and evaluate a range of corporate legal issues.
