#### **Session 2 Learning and Teaching Update**

The decision has been made to conduct study online for the remainder of Session 2 for all units WITHOUT mandatory on-campus learning activities. Exams for Session 2 will also be online where possible to do so.

This is due to the extension of the lockdown orders and to provide certainty around arrangements for the remainder of Session 2. We hope to return to campus beyond Session 2 as soon as it is safe and appropriate to do so.

Some classes/teaching activities cannot be moved online and must be taught on campus. You should already know if you are in one of these classes/teaching activities and your unit convenor will provide you with more information via iLearn. If you want to confirm, see the list of [units with mandatory on-campus classes/teaching activities](#).

Visit the [MQ COVID-19 information page](#) for more detail.

Unit description

All managers must have a basic understanding of financial management concepts, capital markets and instruments, as well as the trade-offs between financial risk versus gain. This unit provides students with the understanding of the tools and techniques in financial management. The main goal is to prepare students for responsible and sustainable leadership using the financial management perspective. The unit develops a framework around financial analysis and modeling, as well as business, risk, and investment evaluation by focusing on four main areas: (1) the assessment of an organisation's financial health, (2) the planning of the organisation's future financial performance, (3) the financing of the organisation's operations, and (4) the evaluation of business and investment opportunities for the organisation. Emphasis is placed on the application of tools and techniques to real world problems in financial management to enable students to solve related problems in their place of work.

## Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

## Learning Outcomes

On successful completion of this unit, you will be able to:

**ULO1:** Explain the role of financial management in assessing the ongoing financial health and performance of organisations.

**ULO2:** Explain the use of financial management tools and techniques for financial

analysis and modeling.

**ULO3:** Use relevant analytical techniques to make informed financial decisions related to financing operations and the valuation of organisations and investment opportunities.

## General Assessment Information

### Submission

Submission of assessment tasks is via Coursera or as otherwise instructed on Coursera.

For written assessment tasks, you must submit in either **PDF or Word (.doc) file types**. It is your responsibility to ensure your submission is accessible. If your submission cannot be opened, late penalties will apply for submitting the correct file after the due date.

## Delivery and Resources

### Required text

There is no required textbook for this unit. Please refer to the weekly required readings in your online unit. All readings are available via the Macquarie University library and do not need to be purchased separately.

### Delivery method

This unit will be delivered entirely online via the Coursera Learning Management System. Access to a personal computer is required to access the resources and learning materials on Coursera.

## Unit Schedule

For this unit, Live Events (via Zoom) will take place each week starting in Week 1 and ending in Week 6. The links to the events are available via **Live Events** in the Coursera unit.

Attending the Live Event each week is an opportunity to engage with the unit content, your Unit Convenor, and classmates. Students are encouraged to complete specified Live Event preparation learning activities prior to each scheduled Live Event in order to get the most value out of these sessions. Students are strongly advised to attend the Live Events. Recordings of the live events will be made available within 24 hours of the event and can be accessed via the Coursera unit content.

**Please note:** The teaching schedule is subject to change. Please refer to your Coursera unit for a detailed Live Event schedule.
