Session 2 Learning and Teaching Update

The decision has been made to conduct study online for the remainder of Session 2 for all units WITHOUT mandatory on-campus learning activities. Exams for Session 2 will also be online where possible to do so.

This is due to the extension of the lockdown orders and to provide certainty around arrangements for the remainder of Session 2. We hope to return to campus beyond Session 2 as soon as it is safe and appropriate to do so.

Some classes/teaching activities cannot be moved online and must be taught on campus. You should already know if you are in one of these classes/teaching activities and your unit convenor will provide you with more information via iLearn. If you want to confirm, see the list of [units with mandatory on-campus classes/teaching activities](#).

Visit the [MQ COVID-19 information page](#) for more detail.

Unit description By working on a business-based group project, this capstone unit is designed to provide students with the opportunity to extend, but most importantly to apply, the knowledge and skills that they have gained throughout their Bachelor of Business Leadership and Commerce degree. The aim of the project is to provide a solution to a problem set by an industry partner, such as a not-for-profit organisation, government agency or for-profit organisation, and to present the solution to an organisation representative at the end of the session. It is expected that students will liaise with the industry partner throughout the session to ensure they are working effectively towards the end goal. Students will gain an insight into organisations and be able to contextualise their graduate capabilities in the final business project. Students will be assessed on a reflective journal, and on both the written and oral components of their reports.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Apply models, theories and/or concepts in order to analyse the challenge set by the industry partner and generate feasible recommendations.

ULO2: Communicate analysis and recommendations as an individual and as part of a group.

ULO3: Employ reflective analysis to evaluate own and others' contribution to the challenge set by the industry partner

General Assessment Information

Late Assessment Policy:

Late assessment submissions must be submitted through the appropriate submission link in [iLearn](#). No extensions will be granted unless an application for [Special Consideration](#) is made and approved. There will be a **deduction of 10%** of the total available marks made from the total awarded mark for each **24 hour period** or part thereof that the submission is late. Late submissions will not be accepted after solutions have been discussed and/or made available.

Note: applications for [Special Consideration Policy](#) must be made within 5 (five) business days of the due date and time.

Presentation:

No extensions will be granted. Students who are absent for the presentation to the industry partner will score **zero** for this assessment task. This penalty does not apply for cases in which an application for [Special Consideration](#) is made and approved.

Note: applications for [Special Consideration Policy](#) must be made within 5 (five) business days of the due date and time.
