Session 2 Learning and Teaching Update

The decision has been made to conduct study online for the remainder of Session 2 for all units WITHOUT mandatory on-campus learning activities. Exams for Session 2 will also be online where possible to do so.

This is due to the extension of the lockdown orders and to provide certainty around arrangements for the remainder of Session 2. We hope to return to campus beyond Session 2 as soon as it is safe and appropriate to do so.

Some classes/teaching activities cannot be moved online and must be taught on campus. You should already know if you are in one of these classes/teaching activities and your unit convenor will provide you with more information via iLearn. If you want to confirm, see the list of [units with mandatory on-campus classes/teaching activities](#).

Visit the [MQ COVID-19 information page](#) for more detail.

Corequisites

Co-badged status

Unit description

This unit explores the role of audiology in the public health domain. It identifies the need for and role of remote delivery of hearing health services as well as service delivery models for different populations (such as Indigenous communities). Models of community programs and their effectiveness in targeting the needs of the community are discussed.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Use theories of public health to demonstrate an advanced understanding of how community-based rehabilitation (CBR) can be applied to prevent, detect or manage hearing loss across a low or middle income population or country.

ULO2: Discuss community programs and how they can be integrated and used to bridge the gap between medical and social models of health.

ULO3: Identify how interpreters - specifically including AUSLAN interpreters - may be effectively integrated and incorporated into your future clinical practice.

ULO4: Demonstrate and apply the principles of human-centred design, and identify its importance in designing complex, implementable solutions.

ULO5: Appraise the complex way in which the social determinants of health can affect health outcomes and the consequences of this for socioeconomically disadvantaged communities in Australia and globally.

Assessment Tasks

Name	Weighting	Hurdle	Due
<u>Indigenous Hearing Health</u>	25%	No	1/09/21
<u>Community Based Rehabilitation</u>	25%	No	1/10/21
<u>Exam</u>	40%	No	Exam period
<u>Public Health Intervention</u>	10%	No	18/10/21

Indigenous Hearing Health

Assessment Type ¹: Essay

Indicative Time on Task ²: 20 hours

Due: **1/09/21**

Weighting: **25%**

Students will be asked to review and critique evidence regarding Indigenous hearing health. 2500 word maximum length.

On successful completion you will be able to:

- Use theories of public health to demonstrate an advanced understanding of how community-based rehabilitation (CBR) can be applied to prevent, detect or manage hearing loss across a low or middle income population or country.
- Appraise the complex way in which the social determinants of health can affect health outcomes and the consequences of this for socioeconomically disadvantaged communities in Australia and globally.

Community Based Rehabilitation

Assessment Type ¹: Essay

Indicative Time on Task ²: 20 hours

Due: **1/10/21**

Weighting: **25%**

Students will be asked to complete an essay on community based rehabilitation in relation to a specific population. 2500 word maximum length.

On successful completion you will be able to:

- Use theories of public health to demonstrate an advanced understanding of how community-based rehabilitation (CBR) can be applied to prevent, detect or manage hearing loss across a low or middle income population or country.
- Discuss community programs and how they can be integrated and used to bridge the gap between medical and social models of health.
- Appraise the complex way in which the social determinants of health can affect health outcomes and the consequences of this for socioeconomically disadvantaged communities in Australia and globally.

Exam

Assessment Type ¹: Examination

Indicative Time on Task ²: 25 hours

Due: **Exam period**

Weighting: **40%**

Students will complete a 3 hours plus 10 minute reading time written examination

On successful completion you will be able to:

- Use theories of public health to demonstrate an advanced understanding of how community-based rehabilitation (CBR) can be applied to prevent, detect or manage hearing loss across a low or middle income population or country.
- Discuss community programs and how they can be integrated and used to bridge the gap between medical and social models of health.
- Identify how interpreters - specifically including AUSLAN interpreters - may be effectively integrated and incorporated into your future clinical practice.
- Demonstrate and apply the principles of human-centred design, and identify its importance in designing complex, implementable solutions.
- Appraise the complex way in which the social determinants of health can affect health outcomes and the consequences of this for socioeconomically disadvantaged communities in Australia and globally.

Public Health Intervention

Assessment Type ¹: Project

Indicative Time on Task ²: 10 hours

Due: **18/10/21**

Weighting: **10%**

Students will be asked to design and present a hypothetical public health intervention. Written material should be no more than 6 pages of 12 point font, with a video/presentation of no more than 10 minutes.

On successful completion you will be able to:

- Use theories of public health to demonstrate an advanced understanding of how community-based rehabilitation (CBR) can be applied to prevent, detect or manage hearing loss across a low or middle income population or country.
- Discuss community programs and how they can be integrated and used to bridge the gap between medical and social models of health.
- Demonstrate and apply the principles of human-centred design, and identify its importance in designing complex, implementable solutions.

¹ If you need help with your assignment, please contact:

- the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
- the [Writing Centre](#) for academic skills support.

² Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation

Policies and Procedures

Macquarie University policies and procedures are accessible from [Policy Central](https://policies.mq.edu.au) (<https://policies.mq.edu.au>). Students should be aware of the following policies in particular with regard to Learning and Teaching:

- [Academic Appeals Policy](#)
- [Academic Integrity Policy](#)
- [Academic Progression Policy](#)
- [Assessment Policy](#)
- [Fitness to Practice Procedure](#)
- [Grade Appeal Policy](#)
- [Complaint Management Procedure for Students and Members of the Public](#)
- [Special Consideration Policy](#)

Students seeking more policy resources can visit [Student Policies](https://students.mq.edu.au/support/study/policies) (<https://students.mq.edu.au/support/study/policies>). It is your one-stop-shop for the key policies you need to know about throughout your undergraduate student journey.

To find other policies relating to Teaching and Learning, visit [Policy Central](https://policies.mq.edu.au) (<https://policies.mq.edu.au>) and use the [search tool](#).

Student Code of Conduct

Macquarie University students have a responsibility to be familiar with the Student Code of

Conduct: <https://students.mq.edu.au/admin/other-resources/student-conduct>

Results

Results published on platform other than [eStudent](#), (eg. iLearn, Coursera etc.) or released directly by your Unit Convenor, are not confirmed as they are subject to final approval by the University. Once approved, final results will be sent to your student email address and will be made available in [eStudent](#). For more information visit ask.mq.edu.au or if you are a Global MBA student contact globalmba.support@mq.edu.au

Student Support

Macquarie University provides a range of support services for students. For details, visit <http://students.mq.edu.au/support/>

Learning Skills

Learning Skills (mq.edu.au/learningskills) provides academic writing resources and study strategies to help you improve your marks and take control of your study.

- [Getting help with your assignment](#)
- [Workshops](#)
- [StudyWise](#)
- [Academic Integrity Module](#)

The Library provides online and face to face support to help you find and use relevant information resources.

- [Subject and Research Guides](#)
- [Ask a Librarian](#)

Student Services and Support

Students with a disability are encouraged to contact the [Disability Service](#) who can provide appropriate help with any issues that arise during their studies.

Student Enquiries

For all student enquiries, visit Student Connect at ask.mq.edu.au

If you are a Global MBA student contact globalmba.support@mq.edu.au

IT Help

For help with University computer systems and technology, visit http://www.mq.edu.au/about_us/offices_and_units/information_technology/help/.

When using the University's IT, you must adhere to the [Acceptable Use of IT Resources Policy](#). The policy applies to all who connect to the MQ network including students.
