Session 2 Learning and Teaching Update
The decision has been made to conduct study online for the remainder of Session 2 for all units WITHOUT mandatory on-campus learning activities. Exams for Session 2 will also be online where possible to do so.

This is due to the extension of the lockdown orders and to provide certainty around arrangements for the remainder of Session 2. We hope to return to campus beyond Session 2 as soon as it is safe and appropriate to do so.

Some classes/teaching activities cannot be moved online and must be taught on campus. You should already know if you are in one of these classes/teaching activities and your unit convenor will provide you with more information via iLearn. If you want to confirm, see the list of units with mandatory on-campus classes/teaching activities.

Visit the MQ COVID-19 information page for more detail.

Lectures and Tutorials

The main means of presentation is by way of 13 two-hour lectures and 12 weekly tutorials of one hour duration. Lectures cover the basic material as outlined in the listed topics, as well as noting where each topic fits into the overall framework of the tax regime. The Lectures will be recorded on Echo 360 on a weekly basis.

Each week’s lecture outlines (PowerPoint slides) will also be posted on i-Learn prior to the formal lecture. They are not intended to be a substitute for lecture attendance. These outlines are only core notes and they are NOT intended to be treated as stand alone resources nor in place of lecture attendance. They are provided for your convenience. You cannot rely on these outlines to the exclusion of the allocated reading tasks for each week. You are expected to prepare your own notes from the prescribed reading set out in this unit's Assessment Guide to supplement the material set out in the lecture outlines.

The Tutorial sessions will be run online via Zoom as well as in face-to-face modes. The Tutorial questions for each week’s class are also to be found in the unit's Assessment Guide. The tutorial questions have been designed to provide a practical application of the principles discussed in lectures. Tutorials will involve an analysis and discussion of preset questions based on the previous week’s lecture. They therefore complement and consolidate the topics covered in lectures. It is essential that adequate preparation be undertaken BEFORE each tutorial in order for the full benefit to be gained.

Attendance and participation in Tutorials are compulsory. Students - (including those enrolled in the i-Lecture stream) - will therefore be expected to attend and to participate in tutorials through, contributions to class discussions, formal presentations during tutorials, and showing an interest in other learning activities conducted by the Tutor.

Classes

- The timetable for classes can be found on the University web site at: http://www.timetables.mq.edu.au/
- Students can only change their allocated lecture or tutorial class in the first three (3) weeks through the e-Student system and only when there is a vacancy in that class.
- If a student changes classes in the first three weeks, it is their responsibility to inform both their old tutor and their new Tutor. Failure to inform Tutors about the change in class allocation may result in a student not obtaining all the class marks for which all students are eligible.
- You must attend your official tutorial class. Tutors will keep attendance records and you can only attend class or sit for the class presentation in your registered tutorial. Please ensure that you know your Tutor’s name and your tutorial class number.
- Students enrolled in the i-Lecture stream are expected to attend the weekly tutorials and to participate in completing the "Assessed Coursework" components of this unit.
- In cases where classes have been missed because of of illness or misadventure, it is up to the student to provide relevant documentation - (such as medical certificates or other reports) - explaining the reasons for their absence. The documentation must be lodged with BESS in accordance with the special consideration application procedure.
- Students are expected to arrive on time and not to leave until the class ends.
- If you have a recurring problem that makes you late, or compels you to leave early, have the courtesy to discuss this with your lecturer/tutor.
- Students who disturb or disrupt in lectures and tutorial class will be asked to leave.
• The Department of Accounting and Corporate Governance Prize for Taxation Law and Practice is awarded for proficiency in the Sessions 1 and 2 offerings of this unit respectively.
