Session 2 Learning and Teaching Update

The decision has been made to conduct study online for the remainder of Session 2 for all units WITHOUT mandatory on-campus learning activities. Exams for Session 2 will also be online where possible to do so.

This is due to the extension of the lockdown orders and to provide certainty around arrangements for the remainder of Session 2. We hope to return to campus beyond Session 2 as soon as it is safe and appropriate to do so.

Some classes/teaching activities cannot be moved online and must be taught on campus. You should already know if you are in one of these classes/teaching activities and your unit convenor will provide you with more information via iLearn. If you want to confirm, see the list of units with mandatory on-campus classes/teaching activities.

Visit the MQ COVID-19 information page for more detail.

Unit description
This unit provides the necessary tools to engage with current macroeconomic issues. It will apply rigorous economic analysis to real-world problems, developing an understanding about the relationships between key macroeconomic indicators e.g. inflation, output growth, unemployment, interest rates, wages and profits, stock market indices, exchange rates. The unit will help students to think creatively about the design and constraints of monetary, fiscal and macroprudential policy in normal times and during a crisis. In so doing students will develop the capacity to undertake independent research in macroeconomics.

Important Academic Dates
Information about important academic dates including deadlines for withdrawing from units are available at https://www.mq.edu.au/study/calendar-of-dates

Learning Outcomes
On successful completion of this unit, you will be able to:

ULO1: Source and interpret macroeconomic data and coherently use the key concepts
in macroeconomics.

**ULO2**: Apply advanced macroeconomic models to understand the behaviour of key macroeconomic variables.

**ULO3**: Identify and interpret topical macroeconomic issues, and use advanced macroeconomic models to understand how policy should respond to the issues.

**ULO4**: Co-operate with peers in groups to prepare and present the results of collaboration on current topical issues.

### General Assessment Information

**Essay topics, mid-session test question paper and final exam question paper will be available on iLearn.**

**No extensions on within-session assessments will be granted for all assessments listed below.**

**For Essay**: There will be a deduction of 10% of the total available marks made from the total awarded mark for each 24 hour period or part thereof that the submission is late (for example, 25 hours late in submission – 20% penalty). This penalty does not apply for cases in which an application for special consideration is made and approved.

**For Group Research & Presentation and Final Exam**: students who have not submitted the task prior to the deadline or sit the exam will be awarded a mark of 0 for the task, except for cases in which a formal application for Special Consideration is made (via [http://www.ask.mq.edu.au/](http://www.ask.mq.edu.au/)) and approved.

**If the application is successful, the missed assessment will be replaced by an supplementary test, which could involve an oral test.**

### Group Research and Presentation

**Assessment Type**: Presentation

**Indicative Time on Task**: 15 hours

**Due**: **Week 13**

**Weighting**: 15%
Each group will be allocated a current report by a major agency, such as the Reserve Bank, to be analysed and presented as a seminar towards the end of the session. Students are required to present a summary of the key points in the report. The group must meet regularly throughout the session to complete the necessary research on the allocated report, and to prepare the presentation. The presentation can be designed to include possible discussion points for the class.

On successful completion you will be able to:

- Source and interpret macroeconomic data and coherently use the key concepts in macroeconomics.
- Apply advanced macroeconomic models to understand the behaviour of key macroeconomic variables.
- Identify and interpret topical macroeconomic issues, and use advanced macroeconomic models to understand how policy should respond to the issues.
- Co-operate with peers in groups to prepare and present the results of collaboration on current topical issues.

Mid-session test

Assessment Type: Quiz/Test
Indicative Time on Task: 15 hours
Due: Week 7
Weighting: 20%

There will be a mid-session test based on material covered in the relevant lectures.

On successful completion you will be able to:

- Source and interpret macroeconomic data and coherently use the key concepts in macroeconomics.
- Apply advanced macroeconomic models to understand the behaviour of key macroeconomic variables.
- Identify and interpret topical macroeconomic issues, and use advanced macroeconomic models to understand how policy should respond to the issues.

Essay

Assessment Type: Essay
Indicative Time on Task: 20 hours
Due: Week 12 (Thursday 2pm)
Weighting: 25%

The 1,750-word essay is due before the beginning of the seminar in Week 12. Students choose any one of the topics on contemporary issues provided by the lecturer, conduct a literature
review, and write a reasoned essay about the issue and its implications for macroeconomics. A significant weight in the marking will be placed on the literature review and research methodology used.

On successful completion you will be able to:

- Source and interpret macroeconomic data and coherently use the key concepts in macroeconomics.
- Apply advanced macroeconomic models to understand the behaviour of key macroeconomic variables.
- Identify and interpret topical macroeconomic issues, and use advanced macroeconomic models to understand how policy should respond to the issues.

**Final online examination**

Assessment Type: Examination
Indicative Time on Task: 30 hours
Due: In final examination period
Weighting: 40%

A two-hour open book examination will be held during the University Examination Period, and will be based on all topics and presentations covered in the unit in Weeks 1-13.

On successful completion you will be able to:

- Source and interpret macroeconomic data and coherently use the key concepts in macroeconomics.
- Apply advanced macroeconomic models to understand the behaviour of key macroeconomic variables.
- Identify and interpret topical macroeconomic issues, and use advanced macroeconomic models to understand how policy should respond to the issues.

If you need help with your assignment, please contact:

- the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
- the Learning Skills Unit for academic skills support.

Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation

**Delivery and Resources**

**LECTURES/SEMINARS** (refer to https://timetables.mq.edu.au for class time)
This unit will be delivered entirely online. Pre-recorded lectures in Weeks 1-6 and 8-9 will be available through ECHO in iLearn prior to the assigned weekly time slot in the timetable - Thursdays 2-5pm. These lectures will each be approximately 2 hours in length. In the 3rd hour (Thursdays from 3:30pm), an interactive ZOOM session will be held that all students must attend and participate in.

In Weeks 10-13, the interactive ZOOM session will be for the entire assigned time slot (Thursdays 2-5pm).

**Required and Recommended Texts and/or Materials**

There is no required textbook for this course. It is assumed that you understand well an intermediate macroeconomics textbook eg O. Blanchard and J. Sheen, Macroeconomics, 2014, 4th edition, Pearson

A good (but only reference) text for this unit is:

S. Williamson, Macroeconomics, 2018, 6th global edition, Pearson

Useful readings for the topics are given in the Unit Schedule, and extra readings may be recommended during the lectures.

**Unit Web Page**

You can access the ECON8013/7013 web site on iLearn from anywhere on the Internet. To login you need a Username and password. All lecture slides should be available on the iLearn site at least by midday of the lecture.
