Unit description

This practical placement unit of approximately 350 hours workload is conducted in the Macquarie University Psychology Clinic on campus. Students are required to complete at least a thousand hours across all placements in the program to meet accreditation requirements. As such the placement provides the opportunity to put the theory and techniques gained in coursework units into practice and develop the student's identity as a clinical psychologist. It provides students with experience in most aspects of clinical work within an outpatient setting. Students gain experience assessing clients, applying various therapeutic interventions, as well as developing the necessary professional skills, all under intensive supervision to ensure the safety of both the public and student.

## Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

## Learning Outcomes

On successful completion of this unit, you will be able to:

**ULO1:** Apply depth and breadth of knowledge and scholarly understanding required of clinical psychologists in determining client needs and designing and implementing

evidence-based interventions.

**ULO2:** Demonstrate higher level critical thinking skills by generating and evaluating current professional knowledge.

**ULO3:** Communicate effectively across a wide range of client groups, colleagues and other professionals, using a variety of formats to function empathically within and across cultures and life stages.

**ULO4:** Apply knowledge of the legislative frameworks relevant to clinical psychologists and undertake practice according to professional standards and the Psychology Board of Australia's code of ethics.

**ULO5:** Demonstrate the entry level capabilities required of practising clinical psychologists, along with the professional and personal skills for assessing continuous development needs.

## Assessment Tasks
