Unit description

This unit is the second practical placement unit for the Master of Clinical Psychology program and is conducted in an external clinical service under the supervision of Adjunct Fellows of Macquarie University. The placement has an overall workload of 300 hours, and provides the opportunity to build upon competencies in Clinical psychology, demonstrated in Practical Placement 1 in the Psychology Clinic, to an intermediate level. Activities include face-to-face assessment and treatment of genuine clients of the service; professional administrative tasks such as risk management, note keeping and report writing; and supervision activities, both individual and group as required and available in the external setting. A range of general clinical work with adults and children is mandatory and may include anxiety, depression, trauma, personality disorders and medical problems, as well as practice working in different therapeutic approaches. Students are required to complete at least a thousand hours across all placements in the program to meet accreditation requirements. By the time students finish this first external placement unit, they will have further developed competencies in 10 domains as identified by the accrediting body APAC as Core Competencies to become a Clinical Psychologist.

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Apply depth and breadth of knowledge and scholarly understanding required of clinical psychologists in determining client needs and designing and implementing evidence-based interventions

ULO2: Demonstrate higher level critical thinking skills in their ability both to generate and evaluate new, professionally-oriented knowledge

ULO3: Communicate effectively across a wide range of client groups, colleagues and other professionals, using a variety of formats to function empathically within and across cultures and life stages

ULO4: Apply knowledge of the legislative frameworks relevant to clinical psychologists and undertake practice according to professional standards and the Psychology Board of Australia's code of ethics

ULO5: Demonstrate the entry level capabilities required of practising clinical psychologists, along with the professional and personal skills for assessing continuous development needs

Assessment Tasks

Name	Weighting	Hurdle	Due
Mid-placement review (MPR)	30%	Yes	Midpoint of placement
Weekly Supervision (WIL)	30%	Yes	Throughout the placement
End of placement review (EPR)	30%	Yes	End of placement
Samples of case reports	10%	Yes	End of placement

Mid-placement review (MPR)

Assessment Type ¹: Work-integrated task

Indicative Time on Task ²: 1 hours

Due: **Midpoint of placement**

Weighting: **30%**

This is a hurdle assessment task (see [assessment policy](#) for more information on hurdle assessment tasks)

This is a mid-placement assessment of competency, conducted in the placement setting with the field supervisor using a standardised, validated competency assessment (CYPRS) tool.

Feedback is on developing competency to a PASS ; level on each of eleven domains, with PASS

; specified as a score of 3 out of 5 on each domain.

On successful completion you will be able to:

- Apply depth and breadth of knowledge and scholarly understanding required of clinical psychologists in determining client needs and designing and implementing evidence-based interventions
- Demonstrate higher level critical thinking skills in their ability both to generate and evaluate new, professionally-oriented knowledge
- Communicate effectively across a wide range of client groups, colleagues and other professionals, using a variety of formats to function empathically within and across cultures and life stages
- Apply knowledge of the legislative frameworks relevant to clinical psychologists and undertake practice according to professional standards and the Psychology Board of Australia's code of ethics
- Demonstrate the entry level capabilities required of practising clinical psychologists, along with the professional and personal skills for assessing continuous development needs

Weekly Supervision (WIL)

Assessment Type ¹: Work-integrated task

Indicative Time on Task ²: 50 hours

Due: **Throughout the placement**

Weighting: **30%**

This is a hurdle assessment task (see [assessment policy](#) for more information on hurdle assessment tasks)

Students participate in case management and intervention under close supervision of field supervisors appointed as Macquarie University Adjunct Fellows. Students will be assessed on formative assessment and treatment skills; professional conduct; self-reflection via log book; ethics and communication skills including professional report writing. At the end of placement a declaration form confirming hours is also required.

On successful completion you will be able to:

- Apply depth and breadth of knowledge and scholarly understanding required of clinical psychologists in determining client needs and designing and implementing evidence-based interventions
- Demonstrate higher level critical thinking skills in their ability both to generate and evaluate new, professionally-oriented knowledge
- Communicate effectively across a wide range of client groups, colleagues and other

professionals, using a variety of formats to function empathically within and across cultures and life stages
