Session 2 Learning and Teaching Update

The decision has been made to conduct study online for the remainder of Session 2 for all units WITHOUT mandatory on-campus learning activities. Exams for Session 2 will also be online where possible to do so.

This is due to the extension of the lockdown orders and to provide certainty around arrangements for the remainder of Session 2. We hope to return to campus beyond Session 2 as soon as it is safe and appropriate to do so.

Some classes/teaching activities cannot be moved online and must be taught on campus. You should already know if you are in one of these classes/teaching activities and your unit convenor will provide you with more information via iLearn. If you want to confirm, see the list of [units with mandatory on-campus classes/teaching activities](#).

Visit the [MQ COVID-19 information page](#) for more detail.

Unit description This unit examines economic analysis concepts and tools that enable students to set an organisation's decision-making within its wider economic context. Topics include supply, demand, and market equilibrium; scarcity; exchange and trade; choice theory; theory of the firm; game theory and strategy; market structure; asymmetric information; market failures. The unit looks at economic variables and how rises and falls in these variables affect individuals, businesses, and industries. It also teaches students how to apply experimentation in organisations.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Evaluate a wide array of economic frameworks and information to formulate business decisions.

ULO2: Develop a strategy for efficient allocation of scarce resources.

ULO3: Critically reflect on how changes in economic conditions affect individual businesses and industries.

General Assessment Information

In addition to the graded assessment tasks, you are required to submit a short response (200 words) to a question that will be posted on iLearn before the lectures begin that discusses

connections between economics and business. Though not graded, this is a Hurdle task and must be completed by the due date (6pm, 19/9/21).
