Session 2 Learning and Teaching Update
The decision has been made to conduct study online for the remainder of Session 2 for all units WITHOUT mandatory on-campus learning activities. Exams for Session 2 will also be online where possible to do so.

This is due to the extension of the lockdown orders and to provide certainty around arrangements for the remainder of Session 2. We hope to return to campus beyond Session 2 as soon as it is safe and appropriate to do so.

Some classes/teaching activities cannot be moved online and must be taught on campus. You should already know if you are in one of these classes/teaching activities and your unit convenor will provide you with more information via iLearn. If you want to confirm, see the list of units with mandatory on-campus classes/teaching activities.

Visit the MQ COVID-19 information page for more detail.

Unit description
This unit equips students to understand corporate governance and organisation, corporate financial reporting and corporate finance decision-making. It provides a basic understanding of personal and corporate taxation, types of financial instruments, financial reporting and how to interpret financial statements, and integrates this with corporate financial decisions such as raising capital, determining capital structure including liquidity, paying dividends, evaluating possible investment projects and evaluating working capital in the context of the Australian financial sector. Students will also understand and apply basic theoretical concepts in finance. Students gaining a Credit or higher in this unit will satisfy the requirements for exemption from professional subject CB1 of the Actuaries Institute.

Important Academic Dates
Information about important academic dates including deadlines for withdrawing from units are available at https://students.mq.edu.au/important-dates

Learning Outcomes
On successful completion of this unit, you will be able to:

ULO1: Describe the process of financial reporting and interpret financial reports.
ULO2: Examine key financial concepts and interpret how these concepts are illustrated in corporate financial practice.
ULO3: Evaluate and critique issues in finance and financial reporting.
ULO4: Apply finance and financial reporting knowledge in a group project to solve a
practical problem

ULO5: Examine and identify issues of financial reporting in corporate practice.

General Assessment Information

Assessment criteria for all assessment tasks will be provided on the unit iLearn site.

It is the responsibility of students to view their marks for each within-session-assessment on iLearn within 20 days of posting. If there are any discrepancies, students must contact the unit convenor immediately. Failure to do so will mean that queries received after the release of final results regarding assessment tasks (not including the final exam mark) will not be addressed.

Late submissions of assessments

Sometimes unavoidable circumstances occur that might prevent you from submitting an assessment on time and, in that case, you may be eligible to lodge a Special Consideration request.

Unless a Special Consideration request has been submitted and approved, please note that no extensions to assessment deadlines will be granted. Assessments that are submitted late will attract a late penalty:

1. There will be a deduction of 10% of the total available marks for each 24 hour period or part thereof that the submission is late.
2. No assessment will be accepted more than 72 hours after the original due date and time (incl. weekends).
3. No late submissions will be accepted for timed assessments (e.g., quizzes, online tests) or for tasks with a weighting of 10% or less.
