Session 2 Learning and Teaching Update

The decision has been made to conduct study online for the remainder of Session 2 for all units WITHOUT mandatory on-campus learning activities. Exams for Session 2 will also be online where possible to do so.

This is due to the extension of the lockdown orders and to provide certainty around arrangements for the remainder of Session 2. We hope to return to campus beyond Session 2 as soon as it is safe and appropriate to do so.

Some classes/teaching activities cannot be moved online and must be taught on campus. You should already know if you are in one of these classes/teaching activities and your unit convenor will provide you with more information via iLearn. If you want to confirm, see the list of [units with mandatory on-campus classes/teaching activities](#).

Visit the [MQ COVID-19 information page](#) for more detail.

Class Test 2

Assessment Type ¹: Quiz/Test

Indicative Time on Task ²: 18 hours

Due: **Week 10**

Weighting: **20%**

During the second part of the session another in-class test will be set based on past ACCA exams questions covering class materials in the lead up to the test. The test is designed to give feedback as to your understanding of key topics and concepts of topics covered and to identify any particular learning challenges or areas of difficulty prior to the final examination. The test will focus on larger case study style questions

On successful completion you will be able to:

- Use strategic planning and control models to plan and monitor organisational performance.
- Identify and evaluate the design features of effective performance management information and monitoring systems, and recognise the impact of developments in technology on performance measurement and management systems.
- Apply appropriate strategic performance measurement techniques in evaluating and improving organisational performance.

Final Examination

Assessment Type ¹: Examination

Indicative Time on Task ²: 30 hours

Due: **Exam period**

Weighting: **60%**

A three-hour closed book final examination for this unit will be held during the University Examination period.

On successful completion you will be able to:

- Use strategic planning and control models to plan and monitor organisational performance.
- Apply skills to assess the impact of risk and uncertainty on organisational performance.
- Identify and evaluate the design features of effective performance management information and monitoring systems, and recognise the impact of developments in technology on performance measurement and management systems.
- Apply appropriate strategic performance measurement techniques in evaluating and improving organisational performance.

¹ If you need help with your assignment, please contact:

- the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
- the [Writing Centre](#) for academic skills support.

² Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation
