#### **Session 2 Learning and Teaching Update**

The decision has been made to conduct study online for the remainder of Session 2 for all units WITHOUT mandatory on-campus learning activities. Exams for Session 2 will also be online where possible to do so.

This is due to the extension of the lockdown orders and to provide certainty around arrangements for the remainder of Session 2. We hope to return to campus beyond Session 2 as soon as it is safe and appropriate to do so.

Some classes/teaching activities cannot be moved online and must be taught on campus. You should already know if you are in one of these classes/teaching activities and your unit convenor will provide you with more information via iLearn. If you want to confirm, see the list of [units with mandatory on-campus classes/teaching activities](#).

Visit the [MQ COVID-19 information page](#) for more detail.

Unit description

This unit comprises a series of academic lectures and industry seminars accompanied by a case study. The aim of the unit is to provide an up-to-date, integrated treatment of the valuation of businesses and investment opportunities that seriously considers industry practice and recent advances in valuation methods. This unit takes you inside the valuation process, learning it step by step, which resembles the industry valuation practice. You will emerge with the skills to understand the fundamentals of market pricing, perform intrinsic valuations, and make and/or suggest investment decisions with due diligence. The unit will showcase several lectures presented by senior industry specialists.

## Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://students.mq.edu.au/important-dates>

## Learning Outcomes

On successful completion of this unit, you will be able to:

**ULO1:** Explain the principles and theory behind each valuation technique.

**ULO2:** Evaluate business valuation techniques and apply appropriately to real-world problems.

**ULO3:** Critically reflect on the process of business valuation practices and on working productively in teams when undertaking corporate financial analysis and valuation.

**ULO4:** Communicate professionally such as in making investment recommendations

and providing consultancy advice.

## General Assessment Information

Assessment criteria (including information about late submissions and extensions) for all assessment tasks will be provided on the unit iLearn site.
