### Session 2 Learning and Teaching Update

The decision has been made to conduct study online for the remainder of Session 2 for all units WITHOUT mandatory on-campus learning activities. Exams for Session 2 will also be online where possible to do so.

This is due to the extension of the lockdown orders and to provide certainty around arrangements for the remainder of Session 2. We hope to return to campus beyond Session 2 as soon as it is safe and appropriate to do so.

Some classes/teaching activities cannot be moved online and must be taught on campus. You should already know if you are in one of these classes/teaching activities and your unit convenor will provide you with more information via iLearn. If you want to confirm, see the list of [units with mandatory on-campus classes/teaching activities](#).

Visit the [MQ COVID-19 information page](#) for more detail.

Unit description

This unit is about the ways in which various narratives are ethically produced, disseminated and represented by the media. As such, it links the skills, knowledge and insights students have gained from various Media courses to relevant future pathways. Questions that this unit will ask include: how are media debates ethically conceived and represented? What are the ethical implications of un-sourced media narratives? How does the media therefore construct and shape culture, society and individuals? The unit will draw on a number of media theories, ethical and practical approaches, as well as previous course content and knowledge to debate the role of the media in shaping public opinion, and ethical decision-making around various narratives, including news stories, and social perceptions. In other words, how are we influenced by media in relation to ethical decision-making more generally?

## Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

## Learning Outcomes

On successful completion of this unit, you will be able to:

**ULO1:** analyse and evaluate contemporary ethical debates around global media production, consumption, distribution, and re-circulation.

**ULO2:** communicate the debates and issues around 'media ethics' in a way that encourages group learning, deliberation and discussion.

**ULO3:** produce media that delivers an ethics-related argument.

**ULO4:** synthesise, analyse and reflect on how to ethically shape media content, or consume media representations in future employment and daily life.

## General Assessment Information

Please note that the University and the Faculty of Arts have launched a new assessment policy effective as of 1 July 2021. This new policy particularly affects LATE SUBMISSION OF ASSIGNMENTS.

The Faculty policy in relation to late assessment submissions is as follows:

**Unless a Special Consideration request has been submitted and approved, (a) a penalty for lateness will apply – 10 marks out of 100 credit will be deducted per day for assignments submitted after the due date – and (b) no assignment will be accepted seven days (incl. weekends) after the original submission deadline. No late submissions will be accepted for timed assessments – e.g. quizzes, online tests, etc.**

To be very clear:

- Unless you have applied for special consideration and had your application approved, for each day your assignment is late, 10 marks will be deducted. For example, if you submit your assignment 7 days late, 70 marks will be deducted, which means you will fail that assignment.
- If your assignment is more than 7 days late (including weekends), you will get 0 for your assignment.

These are serious penalties that will substantially alter your final grade and even determine whether you pass or fail this unit. Please make every effort to submit your assignment by the due date.

If you find you cannot submit your assignment on time, please apply for Special Consideration through AskMQ. Make sure you read Macquarie University's policy regarding Special Consideration requests before you apply: <https://students.mq.edu.au/study/assessment-exams/special-consideration>

## Laptop Policy & Technology Matters

- I am a proponent of using technology in learning environments. Please DO bring your laptop and/or tablet to class to work. Please be advised that working on mobile phones is far less optimal, because screen size hinders reading and creative production. The library has laptops and iPads available for lending if you don't have your own.
- Please also bring a pen or pencil and paper to class.
- Students are expected to make use of everyday information technologies to complete their assignments (i.e. Personal Computers, mobile Phones, freely available editing software and online publishing platforms).
- As this is not a production unit, students should not contact the department's technical staff for equipment or support. Feel free to challenge yourself but work within your technical abilities.
