Common European Framework of Reference (CEFR)

This unit provides advanced learners with the opportunity to work towards language skills at level B2, the fourth level on the six-level scale of competence laid down in the Common European Framework of Reference for Languages (CEFR). Through engagement with the Croatian language in a range of contexts, the unit invites you to develop the ability to

- understand the main ideas of complex text on both concrete and abstract topics, including technical discussions in their field of specialization.
- interact with a degree of fluency and spontaneity that makes regular interaction with native speakers quite possible without strain for either party.
- produce clear, detailed text on a wide range of subjects and explain a viewpoint on a topical issue giving the advantages and disadvantages of various options.
