Session 2 Learning and Teaching Update

The decision has been made to conduct study online for the remainder of Session 2 for all units WITHOUT mandatory on-campus learning activities. Exams for Session 2 will also be online where possible to do so.

This is due to the extension of the lockdown orders and to provide certainty around arrangements for the remainder of Session 2. We hope to return to campus beyond Session 2 as soon as it is safe and appropriate to do so.

Some classes/teaching activities cannot be moved online and must be taught on campus. You should already know if you are in one of these classes/teaching activities and your unit convenor will provide you with more information via iLearn. If you want to confirm, see the list of units with mandatory on-campus classes/teaching activities.

Visit the MQ COVID-19 information page for more detail.

**Unit description**

This unit is aimed at students interested in pursuing careers in the field of health economics, health policy or health technology assessment, or students interested in understanding the economics of health and health policy. The unit will introduce students to economic tools and their application relevant to the understanding of the economics of health and health care. Adopting a microeconomic approach, the unit will cover economic and statistical concepts and techniques relevant to the understanding of health economics. Topics covered will include supply and demand for health, information and insurance markets, key players in the health care sector, social insurance, the economics of health innovation (pharmaceuticals, technology and health technology assessment), health policy, health systems around the world, the economics and policy of bads, public health economics, behavioural health economics, health and economic development and the case of Aboriginal health.

**Important Academic Dates**

Information about important academic dates including deadlines for withdrawing from units are available at https://students.mq.edu.au/important-dates

**Learning Outcomes**

On successful completion of this unit, you will be able to:

- **ULO1**: Evaluate the importance of health economics and its relevance to health systems.
- **ULO2**: Apply theoretical knowledge of applied microeconomics to health economics.
**ULO3**: Evaluate health as a unique economic good, and the role of market players, market imperfections and the government.

**ULO4**: Critically analyse the role of health economics in the design of health policy across the world.

**ULO5**: Effectively communicate theories and knowledge of health economics in technical and non-technical language.

</tr>
</tbody>
</table>

**Presentation**

Assessment Type 1: Presentation

Indicative Time on Task 2: 8 hours

Due: **Week 10**

Weighting: **15%**

Each student is assigned a task of preparing and presenting a literature review on the pre-assigned topic. The suggested topics will be posted on iLearn in Week 1. Each student is required to prepare and present a power point aided presentation in Week 10.

On successful completion you will be able to:

- Evaluate the importance of health economics and its relevance to health systems.
- Apply theoretical knowledge of applied microeconomics to health economics.
- Critically analyse the role of health economics in the design of health policy across the world.
- Effectively communicate theories and knowledge of health economics in technical and non-technical language.

**Research Report**

Assessment Type 1: Report
Indicative Time on Task: 25 hours
Due: **Week 12**
Weighting: 40%

Students are required to prepare a 4000-word research report on the assigned policy topic. Alternatively, students may formulate their own topic for the report, but this will need to be negotiated with the lecturer.

On successful completion you will be able to:
- Evaluate the importance of health economics and its relevance to health systems.
- Apply theoretical knowledge of applied microeconomics to health economics.
- Evaluate health as a unique economic good, and the role of market players, market imperfections and the government.
- Critically analyse the role of health economics in the design of health policy across the world.
- Effectively communicate theories and knowledge of health economics in technical and non-technical language.

Health policy debate
Assessment Type: Debate
Indicative Time on Task: 8 hours
Due: **Week 13**
Weighting: 15%

Students will be assigned a health policy question in week 2. Each student will be required to work on this health policy topic throughout the session, and participate in the class debate in Week 13. A short 2 page summary of their case should be handed in at the beginning of the debate in Week 13.

On successful completion you will be able to:
- Evaluate the importance of health economics and its relevance to health systems.
- Apply theoretical knowledge of applied microeconomics to health economics.
- Evaluate health as a unique economic good, and the role of market players, market imperfections and the government.
- Effectively communicate theories and knowledge of health economics in technical and
Final exam

Assessment Type 1: Examination
Indicative Time on Task 2: 20 hours
Due: University examination period
Weighting: 30%

A two-hour final exam will be held during the University Examination Period. The exam will cover all material and topics covered during the unit. The exam format will be discussed in class during week 13.

On successful completion you will be able to:

• Evaluate the importance of health economics and its relevance to health systems.
• Apply theoretical knowledge of applied microeconomics to health economics.
• Evaluate health as a unique economic good, and the role of market players, market imperfections and the government.
• Critically analyse the role of health economics in the design of health policy across the world.

1 If you need help with your assignment, please contact:

• the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
• the Learning Skills Unit for academic skills support.

2 Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation

Delivery and Resources

Delivery:

There will be a two hour online lecture (pre-recorded) followed by a one-hour tutorial or guest lecture (synchronous workshop/seminar). Details to be provided on iLearn at the start of Session.

Required text:

Folland, S., A. Goodman and M. Stano, The Economics of Health and Health Care, (8th Ed),
Pearson.

Recommended text:

These textbooks are available for purchase at Co-op Bookshop. A small number are available on reserve in the library. Earlier editions are similar but page references may change.

Teaching and learning resources

- Course material is available on the iLearn unit page.
- Students will be required to read journal articles every week.
- The list of these articles will be posted on iLearn unit page.
- Students will need a PC/Tablet.
- Students will use MS-Office for this unit.
- Students will need to be familiar with platforms for online communications such as Zoom, Microsoft Teams.

Unit Schedule

Check unit iLearn space for weekly schedule for this unit.

Policies and Procedures

Macquarie University policies and procedures are accessible from Policy Central (https://staff.mq.edu.au/work/strategy-planning-and-governance/university-policies-and-procedures/policy-central). Students should be aware of the following policies in particular with regard to Learning and Teaching:

- Academic Appeals Policy
- Academic Integrity Policy
- Academic Progression Policy
- Assessment Policy
- Fitness to Practice Procedure
- Grade Appeal Policy
- Complaint Management Procedure for Students and Members of the Public
- Special Consideration Policy (*Note: The Special Consideration Policy is effective from 4 December 2017 and replaces the Disruption to Studies Policy.)*

Students seeking more policy resources can visit the Student Policy Gateway (https://students.mq.edu.au/support/study/student-policy-gateway). It is your one-stop-shop for the key policies you need to know about throughout your undergraduate student journey.
If you would like to see all the policies relevant to Learning and Teaching visit Policy Central (https://staff.mq.edu.au/work/strategy-planning-and-governance/university-policies-and-procedures/policy-central).

**Student Code of Conduct**

Macquarie University students have a responsibility to be familiar with the Student Code of Conduct: https://students.mq.edu.au/admin/other-resources/student-conduct

**Results**

Results published on platform other than eStudent, (eg. iLearn, Coursera etc.) or released directly by your Unit Convenor, are not confirmed as they are subject to final approval by the University. Once approved, final results will be sent to your student email address and will be made available in eStudent. For more information visit ask.mq.edu.au or if you are a Global MBA student contact globalmba.support@mq.edu.au

**Student Support**

Macquarie University provides a range of support services for students. For details, visit http://students.mq.edu.au/support/

**Learning Skills**

Learning Skills (mq.edu.au/learningskills) provides academic writing resources and study strategies to help you improve your marks and take control of your study.

- Getting help with your assignment
- Workshops
- StudyWise
- Academic Integrity Module

The Library provides online and face to face support to help you find and use relevant information resources.

- Subject and Research Guides
- Ask a Librarian

**Student Enquiry Service**

For all student enquiries, visit Student Connect at ask.mq.edu.au

If you are a Global MBA student contact globalmba.support@mq.edu.au

**Equity Support**

Students with a disability are encouraged to contact the Disability Service who can provide appropriate help with any issues that arise during their studies.

**IT Help**

For help with University computer systems and technology, visit http://www.mq.edu.au/about_us/
When using the University's IT, you must adhere to the Acceptable Use of IT Resources Policy. The policy applies to all who connect to the MQ network including students.
