Session 2 Learning and Teaching Update

The decision has been made to conduct study online for the remainder of Session 2 for all units WITHOUT mandatory on-campus learning activities. Exams for Session 2 will also be online where possible to do so.

This is due to the extension of the lockdown orders and to provide certainty around arrangements for the remainder of Session 2. We hope to return to campus beyond Session 2 as soon as it is safe and appropriate to do so.

Some classes/teaching activities cannot be moved online and must be taught on campus. You should already know if you are in one of these classes/teaching activities and your unit convenor will provide you with more information via iLearn. If you want to confirm, see the list of units with mandatory on-campus classes/teaching activities.

Visit the MQ COVID-19 information page for more detail.

Unit description

This unit gives students the opportunity to test how their finance skills can be applied in practice by exposure to leading industry professionals. The topics selected go beyond traditional corporate and investment finance, and include coverage of the latest issues and real world scenarios. Students will learn first hand from practitioners on current and future trends and skills required in finance to prepare them as they embark on their careers in the industry. The projects completed in the unit are carefully set in conjunction with the industry professionals, giving students the opportunity to show evidence of demonstrated learning and the application of finance knowledge from a broader perspective.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at https://www.mq.edu.au/study/calendar-of-dates

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Apply theories and techniques in finance and be aware of the assumptions and limitations in practice.

ULO2: Evaluate the real world business applications of financial concepts.

ULO3: Work cooperatively in a group to conduct analysis and report the findings and recommendations.

ULO4: Develop good understanding of contemporary developments in the financial

sector.

General Assessment Information

Assessment criteria (including information about late submissions and extensions) for all assessment tasks will be provided on the unit iLearn site.
