Session 2 Learning and Teaching Update
The decision has been made to conduct study online for the remainder of Session 2 for all units WITHOUT mandatory on-campus learning activities. Exams for Session 2 will also be online where possible to do so.

This is due to the extension of the lockdown orders and to provide certainty around arrangements for the remainder of Session 2. We hope to return to campus beyond Session 2 as soon as it is safe and appropriate to do so.

Some classes/teaching activities cannot be moved online and must be taught on campus. You should already know if you are in one of these classes/teaching activities and your unit convenor will provide you with more information via iLearn. If you want to confirm, see the list of units with mandatory on-campus classes/teaching activities.

Visit the MQ COVID-19 information page for more detail.

## Unit guide

ACCG2024 Financial Accounting and Reporting

https://unitguides.mq.edu.au/unit_offerings/135307/unit_guide/print
Unit description
This unit builds on first year accounting units, exploring financial reporting environment in greater depth and challenging students to question the foundations of financial reporting. Areas and topics within International Financial Reporting Standards (IFRS) and its Australian equivalents Australian Accounting Standards Board (AASB) are reviewed. On the completion of this unit, students will be familiar with the regulatory environment for financial reporting, be able to apply relevant accounting standards to key business processes, prepare a complete set of financial statements based on both accrual and cash accounting, describe the alternative reporting frameworks such as the Global Reporting Initiative (GRI) and be able to show the accounting entries for company financing. The unit develops technical and professional judgment skills and effective business communication skills through the Business Research Report which requires students to research, review and recommend relevant accounting treatments.

Important Academic Dates
Information about important academic dates including deadlines for withdrawing from units are available at https://www.mq.edu.au/study/calendar-of-dates

Learning Outcomes
On successful completion of this unit, you will be able to:

- **ULO1**: Explain the regulatory environment for financial reporting including the conceptual framework by employing appropriate theories underlying accounting practice.
- **ULO2**: Apply the rules of International Financial Reporting Standards (IFRS) and its Australian equivalents Australian Accounting Standards Board (AASB) to selected financial transactions and events, and prepare a complete set of financial statements based on both accrual and cash accounting.
- **ULO3**: Describe sustainable development practices and commonly used guidelines for Integrated Reporting.
- **ULO4**: Apply appropriate accounting treatments of company accounting in relation to equity and debt financing.
- **ULO5**: Research and professionally communicate appropriate accounting treatment and recommendations through written assignments and presentations.

General Assessment Information
Late Submission(s): Late assessments must also be submitted through Turnitin. No extensions will be granted. There will be a deduction of 10% of the total available marks made from the total awarded mark for each 24 hour period or part thereof that the submission is late (for example, 25 hours late in submission incurs a 20% penalty).
submissions will not be accepted after solutions have been discussed and/or made available. This penalty does not apply for cases in which an application for Special Consideration is made and approved. Note: applications for Special Consideration Policy must be made within 5 (five) business days of the due date and time.

**In Tutorial Quizzes**

Assessment Type 1: Quiz/Test
Indicative Time on Task 2: 10 hours
Due: **Weeks 3 - 12 random**
Weighting: **10%**

During the session, there will be 5 quizzes held during your tutorials in Weeks 3 to 12. Marks for the best 4 out of 5 quizzes attempted will be taken. The quizzes will be held randomly for each tutorial group, and the students will not be advised which week they will have the quiz. The questions for each quiz will relate to topics which have been covered in the tutorials in the previous week. More details regarding the logistics of the quizzes are provided on iLearn.

On successful completion you will be able to:

- Explain the regulatory environment for financial reporting including the conceptual framework by employing appropriate theories underlying accounting practice.
- Apply the rules of International Financial Reporting Standards (IFRS) and its Australian equivalents Australian Accounting Standards Board (AASB) to selected financial transactions and events, and prepare a complete set of financial statements based on both accrual and cash accounting.
- Describe sustainable development practices and commonly used guidelines for Integrated Reporting.
- Apply appropriate accounting treatments of company accounting in relation to equity and debt financing.
Online Class Test
Assessment Type: Quiz/Test
Indicative Time on Task: 15 hours
Due: Week 6: Date and Time TBA on iLearn
Weighting: 20%

In Week 6 of the session, students will be required to take an online quiz through iLearn. The quiz may include multiple choice questions, short answer theory questions, and/or practical questions covering topics from Weeks 1-5. More information will be provided on iLearn.

On successful completion you will be able to:
- Explain the regulatory environment for financial reporting including the conceptual framework by employing appropriate theories underlying accounting practice.
- Apply the rules of International Financial Reporting Standards (IFRS) and its Australian equivalents Australian Accounting Standards Board (AASB) to selected financial transactions and events, and prepare a complete set of financial statements based on both accrual and cash accounting.
- Apply appropriate accounting treatments of company accounting in relation to equity and debt financing.

Business Report & Oral Presentation
Assessment Type: Case study/analysis
Indicative Time on Task: 25 hours
Due: Business Report Week 8 and Oral Presentation Week 9
Weighting: 20%

Business Report (15%): Students are required to write a 1,200-word business report recommending the appropriate accounting treatment and disclosures to a type of transaction(s) and/or event(s), for a specified case study. This assessment requires students to research the transaction(s) / event(s), examine the outcome(s) of the treatment and evaluate and interpret issues regarding the preparation and presentation of financial reports to the case study. Students are required to present their report’s recommendation in a clear, coherent and professional manner. Oral Presentation (5%): Students are required to prepare a 4 minute video oral presentation linked to the business report. The purpose of this component of the assessment is to help develop student’s oral presentation skills.

On successful completion you will be able to:
- Research and professionally communicate appropriate accounting treatment and recommendations through written assignments and presentations.
Online Final Examination

Assessment Type: Examination
Indicative Time on Task: 20 hours
Due: University Exam Period
Weighting: 50%

An open book 2 hour 20 minutes final exam for this unit will be held online during the University Examination period. All key topics will be examinable.

On successful completion you will be able to:

- Explain the regulatory environment for financial reporting including the conceptual framework by employing appropriate theories underlying accounting practice.
- Apply the rules of International Financial Reporting Standards (IFRS) and its Australian equivalents Australian Accounting Standards Board (AASB) to selected financial transactions and events, and prepare a complete set of financial statements based on both accrual and cash accounting.
- Describe sustainable development practices and commonly used guidelines for Integrated Reporting.
- Apply appropriate accounting treatments of company accounting in relation to equity and debt financing.

1 If you need help with your assignment, please contact:

- the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
- the Learning Skills Unit for academic skills support.

2 Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation.

Delivery and Resources

Required Text:

You must have access to this textbook prior to the start of the session. The required textbook is available in multiple formats and options:

• Or the printed textbook can be purchased via online retailers (Booktopia, Amazon etc.).
• The MQ library will also have an electronic version of the textbook.

All other course materials are available on the ACCG2024 iLearn web page.

Technology Used and Required:

• Proficiency in the University’s learning management system (iLearn) to access course materials, information on assessment tasks and other course matters, to use online discussion forums, and to upload assignments.
• Knowledge of library resources including databases and journal finder to access research materials.
• Proficiency in Internet browsing applications (like, for example, Firefox) and Internet search engines (like, for example, scholar.google.com.au) to access research materials.
• Proficiency in word processing and presentation applications (like, for example, Microsoft Word and PowerPoint) for the report and presentation.

Delivery Format and Other Details:

Classes

Classes in ACCG2024 for Session 2 2021 are composed of lectures and tutorials. The lectures will be pre-recorded and provide comprehensive explanations of the key concepts and worked out lecture examples for the technical aspects of the topics. This pre-recorded lecture will be uploaded on iLearn the week prior. Students are expected to watch the pre-recorded lectures before attending their tutorials.

There will also be a 1.5 hour tutorial every week from weeks 2 to 13. The tutorials will involve the tutors and the students working through pre-set tutorial questions. Students must register for a tutorial and attend the same tutorial each week.

The unit’s learning outcomes can only be achieved through self-study and independent learning supported by watching the lectures and attending the tutorials. The lectures provide a general overview of the topics highlighting a number of concepts and techniques. The tutorials complement lectures by providing opportunities to further explore all relevant concepts and techniques. Both lectures and tutorials will only support your learning if you prepare them thoroughly by doing the recommended readings and the pre-set tutorial questions as outlined in the Unit Schedule (available on the ACCG2024 iLearn web page) beforehand. Lecture slides will be available on the ACCG2024 iLearn web page. Tutorial solutions will be made available at the end of the relevant week on the ACCG2024 iLearn web page.
