Session 2 Learning and Teaching Update

The decision has been made to conduct study online for the remainder of Session 2 for all units WITHOUT mandatory on-campus learning activities. Exams for Session 2 will also be online where possible to do so.

This is due to the extension of the lockdown orders and to provide certainty around arrangements for the remainder of Session 2. We hope to return to campus beyond Session 2 as soon as it is safe and appropriate to do so.

Some classes/teaching activities cannot be moved online and must be taught on campus. You should already know if you are in one of these classes/teaching activities and your unit convenor will provide you with more information via iLearn. If you want to confirm, see the list of [units with mandatory on-campus classes/teaching activities](#).

Visit the [MQ COVID-19 information page](#) for more detail.

Unit description

This unit focuses on children's language and literacy development as they move from home to prior-to-school settings and into the first years of school, and the ways it can be fostered through children's literature. It introduces students to the theory and practice of early reading and writing, multimodal and critical literacy development, and to research on the literacy experiences of children from diverse contexts and with different abilities. Students are given opportunities to develop and apply their understanding of the role of teachers in planning and evaluating experiences that support young children's literacy development within prior-to-school and early primary school settings.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

- ULO1:** Understand young children's language and literacy development and the ways it can be enhanced through literature.
- ULO2:** Be aware of the influence of children's early oral language and literacy experiences on access and equity in early educational settings (birth-8) and on children's transition to school.
- ULO3:** Understand the important role adults and partnerships between home and educational settings play in young children's language and literacy development.
- ULO4:** Design, engage in and critically evaluate rich and developmentally appropriate literacy experiences for young children prior-to-school and into the first years of primary school, and to integrate children's literature in these experiences.

- ULO6:** Understand children's early reading and writing developmental processes and ability to develop and apply strategies for supporting and evaluating these processes from a broad and research-informed multiliteracies perspective.
- ULO7:** Develop an understanding of and ability to support the language and literacy development of children from diverse backgrounds, including children learning English as an additional language (EAL), children from families with different socio-economic

status, and children with special learning and literacy needs.

ULO8: Constructively engage with educational research.

General Assessment Information

Full assignment instructions

This Unit Guide provides a brief description only of each required assessment piece. Full instructions, assessment criteria and detailed assessment rubrics are provided via the **ECHE2310 ESSENTIALS document**, which will be available on the iLearn site.

Assessment Presentation & Submission Guidelines

Please follow these guidelines when you submit each assignment:

- Allow a left and right-hand margin of at least 2cm in all assignments.
- Please type all assignments using 12-point font and 1.5 spacing.
- All assessments must be submitted through Turnitin in .doc or .pdf format
- It is the onus of the student to ensure that all assessments are successfully submitted through Turnitin.
- Faculty assignment cover sheets are NOT required.

Draft Submissions & Turnitin Originality Reports

- Students may use Turnitin's Originality Report as a learning tool to improve their academic writing if this option is made available in the unit.
- Students are strongly encouraged to upload a draft copy of each assessment to Turnitin at least one week prior to the due date to obtain an Originality Report.
- The Originality Report provides students with a similarity index that may indicate if plagiarism has occurred. Students will be able to make amendments to their drafts prior to their final submission on the due date.
- Generally, one Originality Report is generated every 24 hours up to the due date.

Please note:

- Students should regularly save a copy of all assignments before submission.
- Students are responsible for checking that their submission has been successful and has been submitted by the due date and time.

Assignment extensions and late penalties

- In general, there should be no need for extensions except through illness or

misadventure that would be categorised as serious and unavoidable disruption according to the University definition of same, see: <https://students.mq.edu.au/study/my-study-program/special-consideration>

- Applications for extensions must be made via AskMQ according to the Special Considerations policy. Extensions can only be granted if they meet the Special Considerations policy and are submitted via <https://ask.mq.edu.au/>. This will ensure consistency in the consideration of such requests is maintained.
- **Late submissions:** Unless a Special Consideration request has been submitted and approved, **(a) a penalty for lateness will apply - 10/100 marks of credit (10% of the total assessment weighting) will be deducted per day for assignments submitted after the due date – and (b) no assignment will be accepted seven days (incl. weekends) after the original submission deadline.** No late submissions will be accepted for timed assessment - e.g. quizzes, online tests. A zero result for the assignment will be recorded after the late submission period has ended if no task has been received.
- If a student is still permitted to submit on the basis of unavoidable disruption, an alternative topic may be set.
- Students should keep an electronic file of all assessments. Claims regarding "lost" assessments cannot be made if the file cannot be produced. It is also advisable to keep an electronic file of all drafts and the final submission on a USB untouched/unopened after submission. This can be used to demonstrate easily that the assessment has not been amended after the submission date.

Requesting a re-assessment of an assignment

If you have **evidence** that your task has been incorrectly assessed against the grade descriptors you can request a re-mark. To request a re-mark you need to contact the unit convenor within **7 days** of the date of return of the assignment and provide **a detailed assessment of your script against the task criteria**. Evidence from your assignment must be provided to support your judgements.

Note: Failed assessments cannot be re-marked as they are all double-marked as a part of the moderation process.

Please note: The outcome of a re-mark may be a **higher/lower or unchanged grade**. Grades are standards referenced and effort is NOT a criterion.

University policy on grading

Criteria for awarding grades for assessment tasks

Assignments will be awarded grades ranging from HD to F according to guidelines set out in the University's Grading Policy. The following descriptive criteria are included for your information.

Descriptive Criteria for awarding grades in the unit

In order to meet the unit outcomes and successfully pass this unit, students must make a genuine attempt at all assessment tasks. Where any submitted assessment task is considered to be unsatisfactory in this regard, the highest possible final grade that can be awarded for the unit will be 45.

Students will be awarded grades ranging from HD to F according to guidelines set out in the policy: <https://staff.mq.edu.au/work/strategy-planning-and-governance/university-policies-and-procedures/policies/assessment-in-effect-from-session-2-2016>

The following generic grade descriptors provide university-wide standards for awarding final grades.

Before commencing this unit, please read this document very carefully and ensure that you can meet all requirements, including workload requirements, attendance requirements, and assessment submission requirements.

Credit points indicate the approximate hours that a student is expected to spend studying in order to pass a unit. One credit point equals 15 hours; thus, students are expected to spend approximately 10 hours per week (including the two weeks of mid-session recess) studying ECHE2310 (i.e. approximately 150hr). Study includes viewing all lectures, participating in tutorials and learning activities, completing set readings and background readings, completing assignments, and using the unit's iLearn site.

Independent study is strongly encouraged in this unit and participation in online discussions and activities on iLearn is expected.

Please ensure that you have sufficient time to dedicate to your studies before attempting this unit. We are sympathetic that students often have significant domestic and work-related responsibilities. To be fair to our staff and to other students, however, these cannot be used to justify incomplete work or extension requests.

The estimate provided in the following table is based on average student performance required to pass this unit. Students who are attempting to achieve high grades or who encounter problems in understanding the material and meeting unit requirements would need to spend more time on these tasks. See Unit Schedule below for more details on unit content.

| Activity | Time allocation | |
|--|-----------------|----------|
| Reading ECHE2310 Essentials document in week 1 | 1 hour | |
| Participation in compulsory tutorials and activities | 14 hours | 30 hours |
| Attending/Listening to lectures | 16 x 1 hour | |

| | | |
|--|-----------------|------------------------------|
| Weekly reading (including engagement with children's literature) | 13 x 3 hours | 39 hours |
| ASSET Survey | | 2 hours |
| Literacy Assignment 1 | | 35 hours |
| Literacy Assignment 2 | | 30 hours approx. |
| Independent learning (using online resources, improving one's study skills; completing learning tasks available on iLearn). | | 12 hours approx. |
| TOTAL (for 15 weeks of semester) | | 150 hours approx. |

Note: To give yourself the best chance of completing the unit successfully, please allow yourself minimum the amount of study time specified in the table above.

3. Classes and attendance

All students are expected to:

- View all lectures in the unit.
- View lectures and complete any online tasks before or during the weeks in which these are scheduled.
- Be familiar with relevant lectures and complete the specified reading preparation before scheduled classes and online activities.
- Actively contribute to online discussions and scheduled classes.
- Complete and submit all assignments.

Participation in all scheduled classes is expected of all students enrolled in ECHE2310. Attendance will be recorded. Activities completed during tutorials are essential for building the core knowledge and/or skills required to demonstrate the learning outcomes of this unit and to meet ACECQA and the AITSL Graduate Teacher Standards.

The **timetable** for classes can be found on the University website at: <http://www.timetables.mq.edu.au>

4. Required texts

There is an expectation that you complete all the scholarly reading in this unit. It is an integral part of your study of ECHE2310.

There is one textbook which can be purchased through <https://www.booktopia.com.au/books-online/text-books/textbook-finder/macquarie-university/macquarie-university-semester-2/eche2310-young-children-s-language-literature-and-literacy/cXCMAC2002ECHE2310-p1.html>

Reflexive

Videos, hands-on activities and scenarios are employed to encourage students to reflect on and develop recommendations for practice.

Responsive

The unit has a strong focus on diversity in language and literacy learning experiences, on communicating effectively with families, and on translating research findings into recommendations for practice accessible to both early childhood educators and other stakeholders.

Ready to learn

Students engage deeply with required readings as well as find and integrate additional relevant readings in their assignments to assess and develop recommendations for fostering children's language and literacy learning and effective early childhood education practices.

Research Engaged

The lectures introduce students to cutting-edge research on early language and literacy, with a strong focus on relevant projects at MQ School of Education. Students engage with both research and professional literature and learn about and engage in research processes such as transcribing and analysing adult-child interactions; observing and analysing early childhood education environments; evaluating research-based environment assessment scales; and making research-based recommendations for improvement.
