Session 2 Learning and Teaching Update

The decision has been made to conduct study online for the remainder of Session 2 for all units WITHOUT mandatory on-campus learning activities. Exams for Session 2 will also be online where possible to do so.

This is due to the extension of the lockdown orders and to provide certainty around arrangements for the remainder of Session 2. We hope to return to campus beyond Session 2 as soon as it is safe and appropriate to do so.

Some classes/teaching activities cannot be moved online and must be taught on campus. You should already know if you are in one of these classes/teaching activities and your unit convenor will provide you with more information via iLearn. If you want to confirm, see the list of [units with mandatory on-campus classes/teaching activities](#).

Visit the [MQ COVID-19 information page](#) for more detail.

Unit description

This unit introduces the topic of child abuse and neglect. The prevalence of physical, sexual, and emotional abuse and neglect is canvassed and the empirical literature relevant to all forms of abuse and neglect is reviewed. Theoretical models for conceptualising and understanding child abuse and neglect are presented. There is considerable emphasis not only on the outcomes of child abuse and neglect but also on the psychological processes that mediate these outcomes. The adequacy of prevention and intervention programs will be appraised and the operation of some of these programs in New South Wales will be considered.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Explain the major concepts, theoretical perspectives, empirical findings, and historical trends in child abuse and neglect.

ULO2: Critically evaluate the research methods used in empirical research.

ULO3: Apply knowledge of child abuse and neglect research findings in various contexts (e.g. family, school).

ULO4: Competently use technological resources to obtain information on child abuse and neglect.

ULO5: Discuss the variations in child abuse and neglect across different cultural, ethnic

and socioeconomic contexts.

ULO6: Demonstrate skills for designing research on child abuse and neglect to be used to guide intervention and prevention programs, and to formulate policy.
