Unit description
This unit explores the theory and practice of early childhood language, literature and literacy development from birth to eight years. It includes the study of the language and literacy potential of a wide range of children’s literature and everyday texts, and focuses on children’s language development as they move from home to prior-to-school settings and into the first years of school. Early reading and writing developmental processes are examined. The role of the teacher in assessment and planning for meeting whole class, group and individual student learning needs, and in provisioning the early years educational environments is emphasised.

Important Academic Dates
Information about important academic dates including deadlines for withdrawing from units are available at https://students.mq.edu.au/important-dates

Learning Outcomes

1. Understanding of young children’s language and literacy development and the ways it can be enhanced through literature
2. Awareness of the influence of children’s early oral language and literacy experiences on access and equity in early educational settings (birth-8) and on children’s transition to school
3. Understanding the important role adults and partnerships between home and
educational settings play in young children’s language and literacy development

4. Ability to design, engage in and critically evaluate rich and developmentally appropriate literacy experiences for young children prior-to-school and into the first years of primary school, and to integrate children’s literature in these experiences

5. Familiarity with the ways early literacy development is integrated in a continuum of learning in pedagogic practices in prior-to-school and school settings and related curriculum documents such as the Early Years Learning Framework, the NSW K-6 English Syllabus, and National Curriculum Documents

6. Knowledge of children’s early reading and writing developmental processes and ability to develop and apply strategies for supporting and evaluating these processes from a broad and research-informed multiliteracies perspective

7. Growing understanding of and ability to support the language and literacy development of children from diverse backgrounds, including children learning English as an additional language (EAL), children from families with different socio-economic status, and children with special learning and literacy needs

Assessment Tasks

</table>

Assignment 1

Due: **Week 4 Tutorial/OCS**

Weighting: **20%**

This Assessment Task relates to the following Learning Outcomes:

- Understanding of young children’s language and literacy development and the ways it can be enhanced through literature
- Understanding the important role adults and partnerships between home and educational settings play in young children’s language and literacy development
- Familiarity with the ways early literacy development is integrated in a continuum of learning in pedagogic practices in prior-to-school and school settings and related curriculum documents such as the Early Years Learning Framework, the NSW K-6
Assignment 2

Due: 3 May 2013
Weighting: 40%

This Assessment Task relates to the following Learning Outcomes:

- Understanding of young children’s language and literacy development and the ways it can be enhanced through literature
- Awareness of the influence of children’s early oral language and literacy experiences on access and equity in early educational settings (birth-8) and on children’s transition to school
- Understanding the important role adults and partnerships between home and educational settings play in young children’s language and literacy development
- Ability to design, engage in and critically evaluate rich and developmentally appropriate literacy experiences for young children prior-to-school and into the first years of primary school, and to integrate children’s literature in these experiences
- Knowledge of children’s early reading and writing developmental processes and ability to develop and apply strategies for supporting and evaluating these processes from a broad and research-informed multiliteracies perspective

Assignment 3

Due: 7 June 2013
Weighting: 40%

Full details of the requirements of each assessment task can be found in your Unit outline, accessible via the ECH231 iLearn site.

This Assessment Task relates to the following Learning Outcomes:

- Understanding of young children’s language and literacy development and the ways it can be enhanced through literature
- Ability to design, engage in and critically evaluate rich and developmentally appropriate literacy experiences for young children prior-to-school and into the first years of primary school, and to integrate children’s literature in these experiences
- Familiarity with the ways early literacy development is integrated in a continuum of
learning in pedagogic practices in prior-to-school and school settings and related curriculum documents such as the Early Years Learning Framework, the NSW K-6 English Syllabus, and National Curriculum Documents

- Knowledge of children’s early reading and writing developmental processes and ability to develop and apply strategies for supporting and evaluating these processes from a broad and research-informed multiliteracies perspective
- Growing understanding of and ability to support the language and literacy development of children from diverse backgrounds, including children learning English as an additional language (EAL), children from families with different socio-economic status, and children with special learning and literacy needs

**Delivery and Resources**

**STUDY COMMITMENT**

As this is a 3 credit point unit, it is estimated that students will need to spend an average of 9 hours a week over a 15 week semester (this includes the university recess), i.e. 135 hours per semester, working on this unit to achieve a passing grade. This includes accessing the unit’s iLearn website at least twice a week and participating in online discussions, attending tutorials and on-campus sessions, attending and/or listening to lectures, reading and studying, and working on assignments.

**PRINCIPAL REQUIREMENTS**

All students are required to:

- **complete and submit all assignments** on time in order to pass the unit
- **attend/listen to the lecture** each week (note that there will be 3 pre-recorded lectures available for week 6, as there all tutorials or the live lecture in week 6 are cancelled due to Easter Monday)
- **complete the weekly readings** each week, prior to the lecture and tutorials that week

**Internal students** must prepare for, attend and participate in at least 80% of the 9x2hr tutorials.

**External students** must prepare for, attend and participate in the compulsory on-campus session on April 19 & 20.

**STUDY RESOURCES**

**Required Readings and Other Resources**

There is one textbook for the unit, which is available from the Macquarie Co-op Bookshop on campus. The details are:

https://unitguides.mq.edu.au/unit_offerings/13559/unit_guide/print 5
The required NSW Syllabus Document is:

The syllabus and support documents can be downloaded from the URL below: You will need to download Early Stage One to Stage 2.

There are also required and recommended readings and online resources that will be available through the library’s e-reserve collection and/or the unit’s iLearn website. All required and recommended readings are listed in the complete ECH231 unit outline, which is available through the ECH231 iLearn site.

**Unit website**

There is a website for this unit. Access to this unit is available online through iLearn, at ilearn.mq.edu.au. You will need to login using your Macquarie ID.

**Unit Schedule**

This overall schedule presents mainly the weekly topics and must be read alongside the full ECH231 unit outline available on the ECH231 iLearn site, where information about required readings and additional resources, tutorial and on-campus session participation requirements and assignment due dates is also provided.

6 May 2013

Lecture 11:
Teaching strategies: reading and writing

Week 10, 11 & 12 ECHP222 Practicum
13 May – 31 May 2013
Non-teaching weeks for ECH231, no lectures or classes

Week 13
3 June 2013

Lecture 12: Inclusive literacy for diverse learners

Policies and Procedures
Macquarie University policies and procedures are accessible from Policy Central. Students should be aware of the following policies in particular with regard to Learning and Teaching:

Academic Honesty Policy http://www.mq.edu.au/policy/docs/academic_honesty/policy.html
Special Consideration Policy http://www.mq.edu.au/policy/docs/special_consideration/policy.html

In addition, a number of other policies can be found in the Learning and Teaching Category of Policy Central.
Student Support

Macquarie University provides a range of Academic Student Support Services. Details of these services can be accessed at: http://students.mq.edu.au/support/

Uniwise provides:

- Online learning resources and academic skills workshops http://www.students.mq.edu.au/support/learning_skills/
- Personal assistance with your learning & study related questions.
- The Learning Help Desk is located in the Library foyer (level 2).
- Online and on-campus orientation events run by Mentors@Macquarie.

Student Enquiry Service

Details of these services can be accessed at http://www.student.mq.edu.au/ses/.

Equity Support

Students with a disability are encouraged to contact the Disability Service who can provide appropriate help with any issues that arise during their studies.

IT Help

If you wish to receive IT help, we would be glad to assist you at http://informatics.mq.edu.au/help/.

When using the university's IT, you must adhere to the Acceptable Use Policy. The policy applies to all who connect to the MQ network including students and it outlines what can be done.

Graduate Capabilities

Capable of Professional and Personal Judgement and Initiative

We want our graduates to have emotional intelligence and sound interpersonal skills and to demonstrate discernment and common sense in their professional and personal judgement. They will exercise initiative as needed. They will be capable of risk assessment, and be able to handle ambiguity and complexity, enabling them to be adaptable in diverse and changing environments.

This graduate capability is supported by:

Learning outcomes

- Awareness of the influence of children's early oral language and literacy experiences on access and equity in early educational settings (birth-8) and on children's transition to school
- Understanding the important role adults and partnerships between home and
educational settings play in young children’s language and literacy development

• Ability to design, engage in and critically evaluate rich and developmentally appropriate literacy experiences for young children prior-to-school and into the first years of primary school, and to integrate children’s literature in these experiences

• Familiarity with the ways early literacy development is integrated in a continuum of learning in pedagogic practices in prior-to-school and school settings and related curriculum documents such as the Early Years Learning Framework, the NSW K-6 English Syllabus, and National Curriculum Documents

• Knowledge of children’s early reading and writing developmental processes and ability to develop and apply strategies for supporting and evaluating these processes from a broad and research-informed multiliteracies perspective

• Growing understanding of and ability to support the language and literacy development of children from diverse backgrounds, including children learning English as an additional language (EAL), children from families with different socio-economic status, and children with special learning and literacy needs

Assessment tasks

• Assignment 2

• Assignment 3

Discipline Specific Knowledge and Skills

Our graduates will take with them the intellectual development, depth and breadth of knowledge, scholarly understanding, and specific subject content in their chosen fields to make them competent and confident in their subject or profession. They will be able to demonstrate, where relevant, professional technical competence and meet professional standards. They will be able to articulate the structure of knowledge of their discipline, be able to adapt discipline-specific knowledge to novel situations, and be able to contribute from their discipline to inter-disciplinary solutions to problems.

This graduate capability is supported by:

Learning outcomes

• Understanding of young children’s language and literacy development and the ways it can be enhanced through literature

• Awareness of the influence of children’s early oral language and literacy experiences on access and equity in early educational settings (birth-8) and on children’s transition to school

• Understanding the important role adults and partnerships between home and educational settings play in young children’s language and literacy development
• Ability to design, engage in and critically evaluate rich and developmentally appropriate literacy experiences for young children prior-to-school and into the first years of primary school, and to integrate children’s literature in these experiences
• Familiarity with the ways early literacy development is integrated in a continuum of learning in pedagogic practices in prior-to-school and school settings and related curriculum documents such as the Early Years Learning Framework, the NSW K-6 English Syllabus, and National Curriculum Documents
• Knowledge of children’s early reading and writing developmental processes and ability to develop and apply strategies for supporting and evaluating these processes from a broad and research-informed multiliteracies perspective
• Growing understanding of and ability to support the language and literacy development of children from diverse backgrounds, including children learning English as an additional language (EAL), children from families with different socio-economic status, and children with special learning and literacy needs

Assessment tasks

• Assignment 1
• Assignment 2
• Assignment 3

Critical, Analytical and Integrative Thinking

We want our graduates to be capable of reasoning, questioning and analysing, and to integrate and synthesise learning and knowledge from a range of sources and environments; to be able to critique constraints, assumptions and limitations; to be able to think independently and systemically in relation to scholarly activity, in the workplace, and in the world. We want them to have a level of scientific and information technology literacy.

This graduate capability is supported by:

Learning outcomes

• Awareness of the influence of children's early oral language and literacy experiences on access and equity in early educational settings (birth-8) and on children’s transition to school
• Understanding the important role adults and partnerships between home and educational settings play in young children's language and literacy development
• Ability to design, engage in and critically evaluate rich and developmentally appropriate literacy experiences for young children prior-to-school and into the first years of primary school, and to integrate children’s literature in these experiences
• Familiarity with the ways early literacy development is integrated in a continuum of
learning in pedagogic practices in prior-to-school and school settings and related curriculum documents such as the Early Years Learning Framework, the NSW K-6 English Syllabus, and National Curriculum Documents

- Knowledge of children’s early reading and writing developmental processes and ability to develop and apply strategies for supporting and evaluating these processes from a broad and research-informed multiliteracies perspective

**Assessment tasks**

- Assignment 1
- Assignment 2
- Assignment 3

**Problem Solving and Research Capability**

Our graduates should be capable of researching; of analysing, and interpreting and assessing data and information in various forms; of drawing connections across fields of knowledge; and they should be able to relate their knowledge to complex situations at work or in the world, in order to diagnose and solve problems. We want them to have the confidence to take the initiative in doing so, within an awareness of their own limitations.

This graduate capability is supported by:

**Learning outcomes**

- Awareness of the influence of children’s early oral language and literacy experiences on access and equity in early educational settings (birth-8) and on children’s transition to school
- Understanding the important role adults and partnerships between home and educational settings play in young children’s language and literacy development
- Ability to design, engage in and critically evaluate rich and developmentally appropriate literacy experiences for young children prior-to-school and into the first years of primary school, and to integrate children’s literature in these experiences
- Familiarity with the ways early literacy development is integrated in a continuum of learning in pedagogic practices in prior-to-school and school settings and related curriculum documents such as the Early Years Learning Framework, the NSW K-6 English Syllabus, and National Curriculum Documents
- Knowledge of children’s early reading and writing developmental processes and ability to develop and apply strategies for supporting and evaluating these processes from a broad and research-informed multiliteracies perspective
- Growing understanding of and ability to support the language and literacy development of children from diverse backgrounds, including children learning English as an additional
language (EAL), children from families with different socio-economic status, and children with special learning and literacy needs.

**Assessment tasks**

- Assignment 1
- Assignment 2
- Assignment 3

**Creative and Innovative**

Our graduates will also be capable of creative thinking and of creating knowledge. They will be imaginative and open to experience and capable of innovation at work and in the community. We want them to be engaged in applying their critical, creative thinking.

This graduate capability is supported by:

**Learning outcomes**

- Ability to design, engage in and critically evaluate rich and developmentally appropriate literacy experiences for young children prior-to-school and into the first years of primary school, and to integrate children’s literature in these experiences.
- Knowledge of children’s early reading and writing developmental processes and ability to develop and apply strategies for supporting and evaluating these processes from a broad and research-informed multiliteracies perspective.

**Assessment tasks**

- Assignment 2
- Assignment 3

**Effective Communication**

We want to develop in our students the ability to communicate and convey their views in forms effective with different audiences. We want our graduates to take with them the capability to read, listen, question, gather and evaluate information resources in a variety of formats, assess, write clearly, speak effectively, and to use visual communication and communication technologies as appropriate.

This graduate capability is supported by:

**Learning outcomes**

- Understanding of young children’s language and literacy development and the ways it can be enhanced through literature.
- Understanding the important role adults and partnerships between home and educational settings play in young children’s language and literacy development.
Ability to design, engage in and critically evaluate rich and developmentally appropriate literacy experiences for young children prior-to-school and into the first years of primary school, and to integrate children’s literature in these experiences

Knowledge of children’s early reading and writing developmental processes and ability to develop and apply strategies for supporting and evaluating these processes from a broad and research-informed multiliteracies perspective

**Assessment tasks**

- Assignment 1
- Assignment 2
- Assignment 3

**Engaged and Ethical Local and Global citizens**

As local citizens our graduates will be aware of indigenous perspectives and of the nation’s historical context. They will be engaged with the challenges of contemporary society and with knowledge and ideas. We want our graduates to have respect for diversity, to be open-minded, sensitive to others and inclusive, and to be open to other cultures and perspectives: they should have a level of cultural literacy. Our graduates should be aware of disadvantage and social justice, and be willing to participate to help create a wiser and better society.

This graduate capability is supported by:

**Learning outcomes**

- Awareness of the influence of children’s early oral language and literacy experiences on access and equity in early educational settings (birth-8) and on children’s transition to school
- Familiarity with the ways early literacy development is integrated in a continuum of learning in pedagogic practices in prior-to-school and school settings and related curriculum documents such as the Early Years Learning Framework, the NSW K-6 English Syllabus, and National Curriculum Documents
- Growing understanding of and ability to support the language and literacy development of children from diverse backgrounds, including children learning English as an additional language (EAL), children from families with different socio-economic status, and children with special learning and literacy needs

**Assessment task**

- Assignment 3

**Socially and Environmentally Active and Responsible**

We want our graduates to be aware of and have respect for self and others; to be able to work
with others as a leader and a team player; to have a sense of connectedness with others and
country; and to have a sense of mutual obligation. Our graduates should be informed and active
participants in moving society towards sustainability.

This graduate capability is supported by:

**Learning outcomes**

- Awareness of the influence of children’s early oral language and literacy experiences on
  access and equity in early educational settings (birth-8) and on children’s transition to
  school
- Understanding the important role adults and partnerships between home and
  educational settings play in young children’s language and literacy development
- Growing understanding of and ability to support the language and literacy development
  of children from diverse backgrounds, including children learning English as an additional
  language (EAL), children from families with different socio-economic status, and children
  with special learning and literacy needs

**Assessment tasks**

- Assignment 2
- Assignment 3

**Commitment to Continuous Learning**

Our graduates will have enquiring minds and a literate curiosity which will lead them to pursue
knowledge for its own sake. They will continue to pursue learning in their careers and as they
participate in the world. They will be capable of reflecting on their experiences and relationships
with others and the environment, learning from them, and growing - personally, professionally
and socially.

This graduate capability is supported by:

**Learning outcomes**

- Understanding the important role adults and partnerships between home and
  educational settings play in young children’s language and literacy development
- Ability to design, engage in and critically evaluate rich and developmentally appropriate
  literacy experiences for young children prior-to-school and into the first years of primary
  school, and to integrate children’s literature in these experiences
- Familiarity with the ways early literacy development is integrated in a continuum of
  learning in pedagogic practices in prior-to-school and school settings and related
  curriculum documents such as the Early Years Learning Framework, the NSW K-6
  English Syllabus, and National Curriculum Documents
- Knowledge of children’s early reading and writing developmental processes and ability to
develop and apply strategies for supporting and evaluating these processes from a broad and research-informed multiliteracies perspective

- Growing understanding of and ability to support the language and literacy development of children from diverse backgrounds, including children learning English as an additional language (EAL), children from families with different socio-economic status, and children with special learning and literacy needs
