Disclaimer
Macquarie University has taken all reasonable measures to ensure the information in this publication is accurate and up-to-date. However, the information may change or become out-dated as a result of change in University policies, procedures or rules. The University reserves the right to make changes to any information in this publication without notice. Users of this publication are advised to check the website version of this publication [or the relevant faculty or department] before acting on any information in this publication.

Notice
As part of Phase 3 of our return to campus plan, most units will now run tutorials, seminars and other small group activities on campus, and most will keep an online version available to those students unable to return or those who choose to continue their studies online.

To check the availability of face-to-face activities for your unit, please go to timetable viewer. To check detailed information on unit assessments visit your unit’s iLearn space or consult your unit convenor.

Unit description
This unit covers the principles and methods of psychological assessment in the clinical context. The focus is on evidence-based assessment of clinical disorders in order to formulate the case and to evaluate progress through, and outcome of, therapy. The unit covers: selection of appropriate assessment techniques; administration, scoring, and interpretation of assessment devices; communication of information about assessments (report-writing and feedback to clients); and ethical principles relating to assessment. The assessment tools covered in the course include tests of cognition, diagnosis (structured and semi-structured interviews), and psychopathology (especially anxiety disorders and mood disorders), and treatment process variables. Methods of assessment covered include standardized tests, structured and semi-structured interviews, and behavioural observations, amongst others.

Important Academic Dates
Information about important academic dates including deadlines for withdrawing from units are available at https://students.mq.edu.au/important-dates

Learning Outcomes
On successful completion of this unit, you will be able to:

ULO1: Apply an evidence-based framework for selecting and judging the quality of psychological tests for treatment planning and outcome assessment in the clinical context.

ULO2: Administer, score, and interpret results on a variety of tests used in the clinical context.

ULO3: Report on the results of assessments in written and oral form and demonstrate
knowledge of the ethical principles guiding use of assessment techniques.

General Assessment Information
See links to the Assessment Policy and the Special Consideration Policy in the Policies and Procedures section of this Unit Guide.

Late submissions
All assessment tasks have a strict due date. Ordinarily, no extensions of time for submission of assessment tasks will be granted. If students experience unexpected, unavoidable, and serious circumstances affecting submission of assessable work they may lodge an application for Special Consideration via ask.mq.edu.au with supporting documentary evidence. All requests for special consideration must be made no later than five working days after the due date of the assessment task. Where special consideration has not been granted, late submissions will not be accepted.

Hurdle requirements
All of the assessment tasks are hurdle requirements - they require a minimum level of performance in order for students to pass the Unit. The assessment tasks allow demonstration of 'fitness to practice' as a clinical psychologist, which is essential prior to the first placement in the Macquarie University Psychology Clinic. Consistent with the Assessment Policy of the University, students who make a serious attempt at the task but fail to meet the required standards, will be provided with one additional opportunity to complete the task to a satisfactory standard. Failure of the second attempt will result in a Fail (FH) grade for the entire unit (even if the raw mark for the Unit is over 50) and this, in turn, will result in a delay in starting the Clinic placement or further placements. The required standards for the hurdle tasks will be provided via iLearn prior to completion of the task.

WISC-V Scoring task
Assessment Type ¹: Clinical performance evaluation
Indicative Time on Task ²: 8 hours
Due: **Week 5**  
Weighting: **0%**  
**This is a hurdle assessment task (see assessment policy for more information on hurdle assessment tasks)**

Students will be provided with WISC-V scores for a hypothetical case. They will be required to score the test.

On successful completion you will be able to:  
- Administer, score, and interpret results on a variety of tests used in the clinical context.

**WISC-V report**

Assessment Type: 1. Case study/analysis  
Indicative Time on Task: 2. 30 hours  
Due: **Week 7**  
Weighting: **30%**  
**This is a hurdle assessment task (see assessment policy for more information on hurdle assessment tasks)**

Students will be required to write a 1500 word report based on the scored WISC-V protocol for a hypothetical case.

On successful completion you will be able to:  
- Administer, score, and interpret results on a variety of tests used in the clinical context.  
- Report on the results of assessments in written and oral form and demonstrate knowledge of the ethical principles guiding use of assessment techniques.

**Pass out examination for WAIS-IV**

Assessment Type: 1. Clinical performance evaluation  
Indicative Time on Task: 2. 30 hours  
Due: **Week 8 or Week 9 (to be confirmed via iLearn)**  
Weighting: **0%**  
**This is a hurdle assessment task (see assessment policy for more information on hurdle assessment tasks)**

Students will be required to demonstrate a satisfactory level of competence in administering the WAIS-IV to a supervisor who will role-play as the examinee and also rate performance using a standard checklist.

On successful completion you will be able to:  
- Administer, score, and interpret results on a variety of tests used in the clinical context.
Assessment plan 1
Assessment Type: Case study/analysis
Indicative Time on Task: 18 hours
Due: Week 10
Weighting: 35%
This is a hurdle assessment task (see assessment policy for more information on hurdle assessment tasks)

Students will be required to provide a detailed and justified assessment plan for a hypothetical client with a mood disorder in 1500 words.

On successful completion you will be able to:
- Apply an evidence-based framework for selecting and judging the quality of psychological tests for treatment planning and outcome assessment in the clinical context.

Assessment plan 2
Assessment Type: Case study/analysis
Indicative Time on Task: 18 hours
Due: Week 13
Weighting: 35%
This is a hurdle assessment task (see assessment policy for more information on hurdle assessment tasks)

Students will be required to provide a detailed and justified assessment plan for a hypothetical client with an anxiety disorder in 1500 words.

On successful completion you will be able to:
- Apply an evidence-based framework for selecting and judging the quality of psychological tests for treatment planning and outcome assessment in the clinical context.

1 If you need help with your assignment, please contact:
- the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
- the Learning Skills Unit for academic skills support.

2 Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation.
**Delivery and Resources**

There will be one 2-hour seminar per week (Wednesday 3-5pm) each week of session. There will also be two full-day workshops (Friday 9-4pm; week 2 and week 6). The seminars and workshops involve theoretical coverage of topics as well as practical skills training. Students will be required to prepare for seminars and workshops by completing required readings or listening to recorded material (available via iLearn). Students will have access to the Department of Psychology Test Library.

Policies and Procedures

Macquarie University policies and procedures are accessible from Policy Central (https://staff.mq.edu.au/work/strategy-planning-and-governance/university-policies-and-procedures/policy-central). Students should be aware of the following policies in particular with regard to Learning and Teaching:

- Academic Appeals Policy
- Academic Integrity Policy
- Academic Progression Policy
- Assessment Policy
- Fitness to Practice Procedure
- Grade Appeal Policy
- Complaint Management Procedure for Students and Members of the Public
- **Special Consideration Policy** (Note: The Special Consideration Policy is effective from 4 December 2017 and replaces the Disruption to Studies Policy.)

Students seeking more policy resources can visit the Student Policy Gateway (https://students.mq.edu.au/support/study/student-policy-gateway). It is your one-stop-shop for the key policies you need to know about throughout your undergraduate student journey.

If you would like to see all the policies relevant to Learning and Teaching visit Policy Central (https://staff.mq.edu.au/work/strategy-planning-and-governance/university-policies-and-procedures/policy-central).

Student Code of Conduct

Macquarie University students have a responsibility to be familiar with the Student Code of Conduct: https://students.mq.edu.au/admin/other-resources/student-conduct

Results

Results published on platform other than eStudent, (eg. iLearn, Coursera etc.) or released directly by your Unit Convenor, are not confirmed as they are subject to final approval by the University. Once approved, final results will be sent to your student email address and will be made available in eStudent. For more information visit ask.mq.edu.au or if you are a Global MBA student contact globalmba.support@mq.edu.au
Student Support

Macquarie University provides a range of support services for students. For details, visit [http://students.mq.edu.au/support/](http://students.mq.edu.au/support/)

**Learning Skills**

Learning Skills ([mq.edu.au/learningskills](http://mq.edu.au/learningskills)) provides academic writing resources and study strategies to help you improve your marks and take control of your study.

- Getting help with your assignment
- Workshops
- StudyWise
- Academic Integrity Module

The Library provides online and face to face support to help you find and use relevant information resources.

- Subject and Research Guides
- Ask a Librarian

**Student Enquiry Service**

For all student enquiries, visit Student Connect at [ask.mq.edu.au](http://ask.mq.edu.au)

If you are a Global MBA student contact [globalmba.support@mq.edu.au](mailto:globalmba.support@mq.edu.au)

**Equity Support**

Students with a disability are encouraged to contact the [Disability Service](mailto:disability.service@mq.edu.au) who can provide appropriate help with any issues that arise during their studies.

**IT Help**

For help with University computer systems and technology, visit [http://www.mq.edu.au/about_us/offices_and_units/information_technology/help/](http://www.mq.edu.au/about_us/offices_and_units/information_technology/help/).

When using the University's IT, you must adhere to the [Acceptable Use of IT Resources Policy](http://www.mq.edu.au/about_us/offices_and_units/information_technology/help/). The policy applies to all who connect to the MQ network including students.
