Unit description
This unit provides an opportunity to develop leadership capabilities in the context of professional and community engagement with a local or international internship or project in a not-for-profit organisation, government agency, company, or other industry partner. At the completion of the unit, students are expected to have developed and critically reflected on their capabilities with reference to professional standards. Subject to demand, the unit includes a separate research internship stream for students who meet GPA requirements. This unit is a designated PACE unit. Applications are open to undergraduate students in any course who meet eligibility requirements. Applications are competitive and places are limited. Students may apply for a PACE internship or seek approval to enrol after finding their own internship if it meets PACE criteria. For local internships, students are advised to review internship preparation and application information and closing dates in the MQBS section of PACEWISE on iLearn at least 6 months before applying. For further information contact the MQBS PACE team. Students considering an international placement should register their interest and check application closing dates on the PACE International web page at least 12 months before applying.

Important Academic Dates
Information about important academic dates including deadlines for withdrawing from units are available at https://www.mq.edu.au/study/calendar-of-dates

Learning Outcomes
On successful completion of this unit, you will be able to:

ULO1: Develop professional capabilities and demonstrate commitment to learning from
your internship or project experience with reference to relevant organisational, ethical and professional standards.

**ULO2:** Analyse and interpret information while observing and participating in ethical practice in the context of your internship or project.

**ULO3:** Critically assess your developing capabilities as relevant to your discipline or industry.

**ULO4:** Identify and assess strategies to develop communication skills through active participation in learning, internship or project activities and assessment tasks.

### Placement evaluation

**Assessment Type 1:** Reflective Writing  
**Indicative Time on Task 2:** 10 hours  
**Due:** Week 13  
**Weighting:** 40%

This task includes your supervisor’s evaluation (10%) and a 1500-1800 word critical reflection (30%). In order to complete the unit, you will need to submit the placement evaluation form which includes the supervisor’s placement evaluation marking guide. Your supervisor has agreed to complete this evaluation as part of their agreement to host your internship or project. You will need to provide your supervisor with a copy of the placement evaluation form, giving your supervisor enough time to complete their evaluation. During your internship or project your supervisor will assess your performance using the supervisor’s placement evaluation marking guide included in the placement evaluation form. If your performance is rated unsatisfactory at any time during your internship or project, you will be invited to a meeting to discuss your performance. You may be given an opportunity to improve your performance or the internship or project may be discontinued. In this case, you may be required to complete the remainder of your placement hours within the Macquarie Business School or PACE. In these cases, the PACE team will identify a project, an appropriate supervisor and specify the number of hours required to meet the learning outcomes of this unit. If your supervisor gives a fail for your placement evaluation at the end of session, penalties may be applied to Task 3. In the critical reflection you will critically reflect on your progress towards achieving learning objectives identified in Task 1, with reference to your internship or project experience and assigned readings, incorporating any feedback from your supervisor and/or feedback on Task 1.
On successful completion you will be able to:

- Develop professional capabilities and demonstrate commitment to learning from your internship or project experience with reference to relevant organisational, ethical and professional standards.
- Analyse and interpret information while observing and participating in ethical practice in the context of your internship or project.
- Critically assess your developing capabilities as relevant to your discipline or industry.

**Learning contract**

Assessment Type ¹: Work-integrated task  
Indicative Time on Task ²: 10 hours  
Due: Week 4  
Weighting: 30%

You will create a learning contract for your internship or project, identifying appropriate learning objectives in consultation with your supervisor. Objectives should be linked to graduate capabilities including ethical thinking and developed with reference to assigned readings and relevant organisational and professional standards. A template for this task, a reading list, and links to a range of professional standards are provided on iLearn.

On successful completion you will be able to:

- Develop professional capabilities and demonstrate commitment to learning from your internship or project experience with reference to relevant organisational, ethical and professional standards.
- Analyse and interpret information while observing and participating in ethical practice in the context of your internship or project.

**Online discussion and statement**

Assessment Type ¹: Project  
Indicative Time on Task ²: 10 hours  
Due: Week 10  
Weighting: 30%

You will contribute posts and comments to two online discussions held in weeks 6-7 and 8-9. Copies of posts and comments are then submitted in week 10 together with a 500 word written statement. Online discussions are embedded in online modules on iLearn. These support preparation for online discussion, and include a link to the required reading for each discussion. Discussion questions, word length, tips for participating in online discussion, statement instructions and a template for the final submission are provided on iLearn.

On successful completion you will be able to:
• Analyse and interpret information while observing and participating in ethical practice in the context of your internship or project.
• Identify and assess strategies to develop communication skills through active participation in learning, internship or project activities and assessment tasks.

1 If you need help with your assignment, please contact:
  • the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
  • the Learning Skills Unit for academic skills support.

2 Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation

**Delivery and Resources**

**Timetable**

The class is run in internal mode and includes seminars, online modules and online discussion on iLearn. To complete the unit successfully you must complete the number of placement hours specified in your letter of offer and achieve an overall mark of 50 or more for the unit based on assessment tasks. Work experience can be in any relevant organisation, including for-profit, non-profit or government organisations.

See the unit schedule for seminar and online module topics and dates. Students are responsible for checking iLearn and/or email for updates to the seminar dates and times.

Please note that the unit schedule includes 2 seminars, 2 online modules and 2 drop in sessions.

**Textbook**

As in previous sessions, there is no prescribed textbook for this unit.

**Other Recommended Reading**

Students need to be familiar with accessing academic sources from the library. Required readings for assessments are available on iLearn. A list of professional standards is also available on iLearn to assist in completing Task 1. You may also refer to professional standards relevant to your internship that are not on this list.

**Technology Used and Required**

Microsoft Office suite (or equivalent), including in particular word processing, spread sheets and presentation software.

Email (student email address) and iLearn (https://www.mq.edu.au/iLearn/) are both required for the unit.

Students should be able to access research databases through the library. They may find
Unit Schedule

All students are required to complete online modules, attend workshops, complete placement hours agreed with their supervisor, and submit all three assessment tasks. Online modules, workshop materials, recommended readings and assessment task details are on iLearn.

To complete the unit successfully you must complete the number of internship hours specified in your letter of offer and achieve an overall mark of 50 or more for the unit based on assessment tasks. You will need to seek approval from the MQBS PACE team as soon as possible if the status of your contract changes during your internship (for example if your host organization offers you an employment contract). Approved internships can be in any relevant organisation, including for-profit, non-profit or government organisations.

Workshops are scheduled to be held on campus on Tuesdays at 6-8pm. An online alternative will also be provided. Please note that the workshop schedule is subject to change. Check your students.mq.edu.au email account and iLearn for any changes.
