### Dissertation

Assessment Type <sup>1</sup>: Thesis

Indicative Time on Task <sup>2</sup>: 75 hours

Due: **18/10/21**

Weighting: **100%**

Submission of a 5000-8000 word dissertation, formatted according to the guidelines in the APA Style Manual. This may take the form of a traditional empirical research project (most commonly), a study based on experimental single case design, a systematic review or meta-analysis, or a program evaluation study.

On successful completion you will be able to:

- Conduct an empirical research project which has direct relevance for clinical neuropsychology
- Apply data analysis techniques used in neuropsychological research
- Write an empirical paper in journal format suitable for publication in a psychology journal

<sup>1</sup> If you need help with your assignment, please contact:

- the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
- the Writing Centre for academic skills support.

<sup>2</sup> Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation

## Delivery and Resources

Students must be supervised by at least one person with expertise in the research topic. If that supervisor is not a Macquarie academic staff member, a Macquarie academic must be appointed in addition as the primary (administrative) supervisor.

## Policies and Procedures

Macquarie University policies and procedures are accessible from Policy Central (<https://policies.mq.edu.au>). Students should be aware of the following policies in particular with regard to Learning and Teaching:
