Unit description
This unit comprises a series of academic lectures and industry seminars accompanied by a case study. The aim of the unit is to provide an up-to-date, integrated treatment of the valuation of businesses and investment opportunities that seriously considers industry practice and recent advances in valuation methods. This unit takes you inside the valuation process, learning it step by step, which resembles the industry valuation practice. You will emerge with the skills to understand the fundamentals of market pricing, perform intrinsic valuations, and make and/or suggest investment decisions with due diligence. The unit will showcase several lectures presented by senior industry specialists.

Important Academic Dates
Information about important academic dates including deadlines for withdrawing from units are available at https://students.mq.edu.au/important-dates

Learning Outcomes
On successful completion of this unit, you will be able to:

ULO1: Explain the principles and theory behind each valuation technique.
ULO2: Evaluate business valuation techniques and apply appropriately to real-world problems.
ULO3: Critically reflect on the process of business valuation practices and on working productively in teams when undertaking corporate financial analysis and valuation.
ULO4: Communicate professionally such as in making investment recommendations
and providing consultancy advice.

**General Assessment Information**

Assessment criteria for all assessment tasks will be provided on the unit iLearn site.

It is the responsibility of students to view their marks for each within-session-assessment on iLearn within 20 days of posting. If there are any discrepancies, students must contact the unit convenor immediately. Failure to do so will mean that queries received after the release of final results regarding assessment tasks (not including the final exam mark) will not be addressed.

**Late submissions and extensions**

- **Tasks 10% or less.** Students who have not submitted the task prior to the deadline will be awarded a mark of 0 for the task, except for cases in which an application for special consideration is made and approved.

- **Tasks above 10%.** There will be a deduction of 10% of the total available marks made from the total awarded mark for each 24 hour period or part thereof that the submission is late (for example, 25 hours late in submission – 20% penalty). This penalty does not apply for cases in which an application for special consideration is made and approved. No submission will be accepted after solutions have been posted.
